LONDON, *January* 23.

IT is remarkable that Mr. Yorke, upon a Promiſe to his Friends, particularly to the Marquis of Rockingham on Wedneſday laſt, refuſed the Seals. In the Afternoon he waited on the Duke of Grafton to declare his acceptance of them; in the Evening they were delivered him by his Majeſty. On Thurſ- the King granted him the Dignity of a Baron by Title of Lord Morden. Feb. 3. Yeſterday Lord North kiſſed his Majeſty's d on being appointed firſt Lord of the Treaſury, the Room of his Grace the Duke of Grafton, re- ed.

We are told that L—d G———r, on finding his —y intended to plead againſt him, has thought er to make ſome Propoſals to her, which have been ted.

It having been induſtriouſly propagated that L—d h is only M——r *pro tempore*, we are informed, t his L———p is ſo far from being choſen to fill nterval between an old and new Set of men, that is determined to continue in Office, under a cer- ty of the firm Support of the K—— and P———t. e idle Report of his ſpeedy Reſignation is one of e political Fictions, which a Faction who have ſpired together againſt Order and Government, e invented for private Views.

Feb. 5. It is ſaid that Lord Rockingham came into House of P—rs Yeſterday, with an additional Re- rcement of no leſs than Seven Lords.

On Wedneſday, in a certain Aſſembly, Col. L——ll de a long and florid Speech in defence of his own ſe; and Lord N——h made a very ſpirited Anſwer Mr. B—e.

is ſaid that on Friday Lord How reſigned the ce of Treaſurer of the Navy; Earl Cornwallis his ce of one of the Joint Vice Treaſurers of Ireland; Lord Viſcount Liſburne his Poſt of one of the Lord mmiſſioners of the Board of Trade.

Friday came on, before a very great Aſſembly, the eſtion, by Adjournment of the State of the Nation, ticularly in Regard to the Power of the H. of C. in apacitating Mr. W. The Arguments made uſe of e, "That as the State conſiſted of Three Branches Legiſlation, K—g, L—ds, and C———s, each had Right to inſpect into the State of the other, particu- y when it was ſuppoſed that one had infringed on e Bounds of their Prerogative. It was aſked, if it s not ſo, why the Two other Eſtates were conſtitut- ; as they would be eſtabliſhed to very little Purpoſe, they had not at all Times the Power of *checking*, as ell as *co-operating*. Lord C. particularly obſerved, at this was ſo plain and common a Procedure, that wondered how any one, in the leaſt acquainted with e Hiſtory of his own Country, could poſſibly gainſay

Thoſe on the Side of A——n, inſiſted, that "the rivilege of the H. of C. extended at any Time to Ex- uſion and Incapacitation; that they were definitive their Judgment, ſo far as reſpected their Members, nd the Orders of their Aſſembly. They then quoted Two Precedents, the one in the Caſe of Lionel, E. of Middleſex; and the other in that of Lord Bacon, who ere both expelled the great Aſſembly they belonged o, and, by a Vote of that Aſſembly, rendered incapa- itated from ever ſitting there. They further diſputed he Legality of Mr. W——'s Election, alledging, that was procured by Violence and Intimidation, and not y the free, uninfluenced Votes of the Freeholders."

Theſe Debates continued 'til Half an Hour paſt leven at Night, when the Diviſion in favour of the ndependent Power of the H. of C. was Two to One.

The following Reſolution was then moved, "That his H. had no right to interfere with the Determina- ions of the other, as it might tend to create Jealouſies nd Animoſities between them." This was debated ith great warmth 'til one o'Clock in the Morning. The Queſtion was then put, and it paſſed in the Affir- native, nearly as the foregoing Queſtion.

Speakers for, D. of G——n, L—d W———h, L—d ——nt, L—d S—d——h, R——f——rd, L—d —b—h. Speakers againſt, D. of R——d, M—ſs of —m, E. of C——m, L—d C—m—n, L—d S—f- k, L—d T—m—le.

Feb. 7. It is aſſerted, that the Lord Mayor has declared, that if any Buſineſs is offered to be propoſed, beſides what the Common Council is ſummoned for, he will order the Sword to be taken up immediately.

It is certain a very great Perſonage has declared, "that he will not be forced into a d—n of P—t, or even a change of M———y."

A Bill, it is ſaid, is preparing with all Expedition, for the regulating all expulſatory and incapacitating Reſolutions of a certain Aſſembly *in futuro*.

It is ſaid the Diſpute is now, Whether, in future Expulſions, the Senſe of the Aſſembly ſhall be collected from Two-Thirds of the Perſons preſent, or a Majority only.

It is ſaid to be a Piece of profound Policy in the M———y, not to fill up the Offices that are now vacant, 'til a certain important Queſtion comes on in a particular Place for a final Determination; when, by a timely Diſtinction, they will ſecure to themſelves a Majority againſt all Oppoſition.

The Society of the Bill of Rights are now putting in order a Plan for the total Diſcharge of Mr. Wilkes's Debts.

It is ſaid that the Petition of the American Merchants, praying that the Parliament will repeal all the Laws for internal Taxation, is in Conſequence of a Plan concerted between ſome of the Principals in that Trade and A———n. This Mode of Redreſs is entirely diſagreeable to the Americans, and has been declared ſo by many of them who are now in England.

It is ſaid, there will ſoon be a general Review and Inſpection of all his Majeſty's Ships of War now laid up in the ſeveral Ports of England.

Advices arrived this Day from Genoa declare, that the Appearance of the Ruſſian Fleet in the Mediterranean occaſions great Speculation; that they expect the Toulon Squadron will ſail, as ſoon as the Ruſſians quit Port-Mahon; and that Eight Spaniſh Ships of War are fitting out at Ferrol, and ſome others at Cadiz.

Whilſt a certain American G———r is perpetually aſſerting both in public and private, that the Reſolution of the Americans not to import Britiſh Manufactures 'til the Repeal of the Act for impoſing Duties on Tea, Paint, Paper, and Glaſs, is a mere Rope of Sand that will break of itſelf; we have the Mortification to aſſure the Public, that conſiderable Quantities of Goods, which were ſent out laſt Autumn to New-York and Philadelphia, are actually returned, and now in the River, which any Body may be ſatisfied of, by examining the Entries at the Cuſtom-Houſe of the Cargoes per the Ships Dutcheſs of Gordon, Capt. Winn; New-York, Capt. Height, from New-York; and the Philadelphia Packet, Capt. Falconer, from Philadelphia; not to mention what is come to Hull and other Out-Ports, which we know to be conſiderable. Now as thoſe returned Goods conſiſt principally of ſuch Articles as the Americans are ſuppoſed to be leaſt able to do without, we think there cannot be a ſtronger Proof at once of the Perſeverance of the Americans in the Reſolutions they have entered into, and of the implacable Enmity of the above titled Incendiary, in endeavouring to keep up that Miſunderſtanding which he had ſo great a Hand in creating.

During the Debate in a certain great Aſſembly on Friday laſt, L—d C——d—n, upon its being aſſerted that he had but very lately diſcovered the Part he acted with reſpect to the Middleſex Election, and that it was always underſtood he had totally coincided with the Proceedings of Parliament, appealed to the D—e of G———n, for his Opinion on that Matter. The D—e of G———n then roſe up, and ſaid, "As he had been called upon, he would candidly declare his Opinion of the Matter, which was, that he always underſtood it, (though not in direct Terms) that the Noble Lord who had appealed to him, acquieſced in the Meaſures of Incapacitation." The E—l of C—th—m then vindicated L—d C———n, by aſſuring the Aſſembly, that, to his particular Knowledge, he was againſt that Meaſure, for in ſeveral Converſations with him, he declared his Opinion, and ſupported it by Reaſons, ſhewing its Impropriety and Unconſtitutionality. The Aſſembly then called out, "The Queſtion! The Queſtion!" On which L—d C——d—n previouſly requeſted to be heard a few Words more for his further Vindication: He then acquainted the Aſſembly, "That the Reaſon why he did not in direct Terms expreſs himſelf on this Meaſure (as the Noble D—— he applied to obſerved) was, that as it was a Meaſure never debated, as an Object of A———n, (at leaſt before him) he, therefore, thought introducing ſuch a Subject did not belong to his Province; but that he deſired the Noble D—— or any other Perſon in A———n to ſay he ever expreſſed himſelf, either directly or indirectly, in favour of that unconſtitutional Proceeding; and he called, particularly, on the Noble D—— to declare whether his Suggeſtion of this Matter, was not principally, and only, formed from his Silence?" The Queſtion being immediately proceeded on, prevented a Reply, and put an End to the Contention.

Feb. 8. We are informed that a Coalition is likely to take Place, a Plan having been drawn up by one of the greateſt Stateſmen of the Age, which has received the R——l Approbation, and that of the M———y; and it is ſaid the E—— of C———m and L—— C———n's Opinions were to be laid before the P——— C———l Yeſterday.

The greateſt Preparations are making in ſeveral Parts of this Kingdom, in order to celebrate the Day of Mr. Wilkes's Releaſement.

Great Wagers continue ſtill to be laid at both Ends of the Town, that notwithſtanding the boaſted Firmneſs of A———n, a total Change will certainly take Place before the Concluſion of the preſent Month, and along with it a D——n of P———.

Others have ventured large Sums, that nothing of the Kind will happen, and even if it ſhould, that when once the preſent Oppoſition have ſeated themſelves in the Saddle, they will be far from thinking a D——n neceſſary, as their own Intereſt will be too deeply concerned in the Event.

We are informed a great Perſonage has declared, that the preſent Miniſtry "*ſhall be upheld.*"

We hear that the E—— of C———m has aſſured a noble M———s, that he will, at this dangerous Criſis, exert himſelf to the utmoſt, in order to get the Complaints of the People heard, and, if poſſible, their Grievances redreſſed.

An Eſtimate, per Bills of Lading, of all the Britiſh Manufactures which were ſhipped laſt Autumn for America, and have lately been returned upon the Merchants Hands, at London, Briſtol, Liverpool, and the other Out-Ports, is preparing for the Inſpection of an auguſt Aſſembly.

Feb. 9. A certain Earl of great Abilities has again refuſed the Appointment of Firſt Miniſter of this Country, though he alone ſupported Three ſucceſſive Adminiſtrations, and extricated them from all thoſe Errors and Difficulties which conſtantly ariſe from a Want of Judgment, Penetration, Knowledge, and Experience.

It is ſaid that many Noble Lords in the Minority, have repeatedly declared, that they will never agree to any Propoſals for a Coalition, without a previous Aſſurance is made, that the Rights of Election and Repreſentation, ſhall be ſecured to the People.

Feb. 10. As the Second Queſtion was debating on Friday Night laſt in a certain Society, a Diviſion was propoſed by a Member, on Account of the late Hour, and the Waſte of Spirit they muſt neceſſarily have undergone during the former Debate; when L—— C———m roſe up, and ſaid he was directly againſt that Motion; "For, added that N———n, though I am here ſuffering more than any other L—— in the Aſſembly, on Account of my Infirmities, I am willing to ſtay ſomewhat longer, that I might have, at leaſt, the Pleaſure to ſee the Sun riſe on ſuch Proceedings."

Feb. 12. We are aſſured that a certain Perſon, whoſe Intereſt connects with the C——t, received a ſevere Reprimand for his Conduct, in withdrawing himſelf from a particular Place, and taking his Relation with him, when a late Queſtion of Importance was to be decided.

We hear that a certain great Man, who has lately altered his political Conduct, has thereby ſo exaſperated a very great Perſonage, that he has ſtruck him out of a certain Liſt with his own Hand. And it is ſaid, it will not be long before he will be deprived of all his civil and maritime Appointments.

A patriotic Nobleman has delivered it as his Opinion in a late C——n—l, that notwithſtanding the preſent unhappy Diviſions at home, and the exhauſted State of our Finances, the firſt Blow that ſhall be ſtruck by France or Spain againſt the Ruſſians, muſt at all Events be conſidered as a Declaration of War againſt Great-Britain; and we hear the Majority of the Members preſent acquieſced in his Reaſons.

We are informed, that a certain great Perſonage has declared himſelf againſt conferring any more Titles or Honours on ſuch Commoners whoſe Claim to them is their Riches, and not their Deſcent.—It is further ſaid, this Reſolution is the Conſequence of ſome late very extraordinary Applications.

Proofs of the Truth of his Aſſertion.

It is reported, that in a Conference his Majeſty had lately with Lord Chatham, that Nobleman told him, that he ſhould think himſelf obliged at all Times to ſtand up in Defence of his M———'s juſt Rights; but days, and now have a Handful of ſtraw, which is as dear as Feathers in England. Theſe are the Hardſhips which we now undergo, and what we ſhall ſuffer more God only knows! I know not. My Service to the Conſul at Vigo. When you write to me deſire the gaol in their Choice[illegible] from the County of Kent.

Yeſterday a grand Entertainment was given by the Lord Mayor, at the Manſion-Houſe, at which were preſent, a great Number of the Nobility and Gentry of

Baltimore-Town, March 25, 1770.

WHEREAS a certain *John Bond*, at *Fell's Point*, did, by an Advertisement in the *Maryland* Gazette, No. 1275, caution the Public against purchasing from me, the Subscriber, some Part of the following Tracts of Land, *viz. Find me out*, and Part of *Montany's* Neck, assigning, as a Reason, that *Joseph Smith*, deceased, had made him over my Bond for the Conveyance of Part of the above Lands. I do hereby assure the Public, the Land was not to be made over to *Smith*, until he paid Squire *Carroll* 125*l.* Sterling and the Damages thereon, which must be paid for a Protested Bill which I indorsed for him, and for which I am now under Execution. How did he get the Bond from *Smith*, when *Smith* was in Prison, and under Execution? He fraudulently, and by Promises, which he never performed, persuaded *Smith* out of it; and but a short Time before *Smith's* Death, he cautioned me not to make it over to *Bond*, as he never had received any Consideration. Besides, *Smith*, by his Last Will and Testament, bequeathed the said Lands to his Relations, and came to me to make them over, which I refused to do, as he had not secured me against Squire *Carroll*. Let any one who can shew a Title to *Smith's* Estate, clear me as above mentioned, and I am ready and willing to make over the Lands. Thus the impartial Reader may see what an artful designing Person would do; but I flatter myself Mr. *Bond* is too well known, for his Tales, to gain any Credit. I advise all Persons not to purchase, occupy or use, any of the said Lands of *John Bond*, his Heirs or Assigns, for they may depend upon Actions being brought against them, after this public Notice.

It is ſaid to be a Piece of profound Policy in the M———y, not to fill up the Offices that are now vacant, 'til a certain important Queſtion comes on in a particular Place for a final Determination; when, by a timely Diſtinction, they will ſecure to themſelves a Majority againſt all Oppoſition.

The Society of the Bill of Rights are now putting in order a Plan for the total Diſcharge of Mr. Wilkes's Debts.

It is ſaid that the Petition of the American Merchants, praying that the Parliament will repeal all the Laws for internal Taxation, is in Conſequence of a Plan concerted between ſome of the Principals in that Trade and A———n. This Mode of Redreſs is entirely diſagreeable to the Americans, and has been declared ſo by many of them who are now in England.

It is ſaid, there will ſoon be a general Review and Inſpection of all his Majeſty's Ships of War now laid up in the ſeveral Ports of England.

Advices arrived this Day from Genoa declare, that the Appearance of the Ruſſian Fleet in the Mediterranean occaſions great Speculation; that they expect the Toulon Squadron will ſail, as ſoon as the Ruſſians quit Port-Mahon; and that Eight Spaniſh Ships of War are fitting out at Ferrol, and ſome others at Cadiz.

Whilſt a certain American G———r is perpetually aſſerting both in public and private, that the Reſolution of the Americans not to import Britiſh Manufactures 'til the Repeal of the Act for impoſing Duties on Tea, Paint, Paper, and Glaſs, is a mere Rope of Sand that will break of itſelf; we have the Mortification to aſſure the Public, that conſiderable Quantities of Goods, which were ſent out laſt Autumn to New-York and Philadelphia, are actually returned, and now in the River, which any Body may be ſatisfied of, by examining the Entries at the Cuſtom-Houſe of the Cargoes per the Ships Dutcheſs of Gordon, Capt. Winn; New-York, Capt. Height, from New-York; and the Philadelphia Packet, Capt. Falconer, from Philadelphia; not to mention what is come to Hull and other Out-Ports, which we know to be conſiderable. Now as thoſe returned Goods conſiſt principally of ſuch Articles as the Americans are ſuppoſed to be leaſt able to do without, we think there cannot be a ſtronger Proof at once of the Perſeverance of the Americans in the Reſolutions they have entered into, and of the implacable Enmity of the above titled Incendiary, in endeavouring to keep up that Miſunderſtanding which he had ſo great a Hand in creating.

During the Debate in a certain great Aſſembly on Friday laſt, L—d C——d—n, upon its being aſſerted that he had but very lately diſcovered the Part he acted with reſpect to the Middleſex Election, and that it was always underſtood he had totally coincided with the Proceedings of Parliament, appealed to the D—e of G———n, for his Opinion on that Matter. The D—e of G———n then roſe up, and ſaid, "As he had been called upon, he would candidly declare his Opinion of the Matter, which was, that he always underſtood it, (though not in direct Terms) that the Noble Lord who had appealed to him, acquieſced in the Meaſures of Incapacitation." The E—l of C—th—m then vindicated L—d C———n, by aſſuring the Aſſembly, that, to his particular Knowledge, he was againſt that Meaſure, for in ſeveral Converſations with him, he declared his Opinion, and ſupported it by Reaſons, ſhewing its Impropriety and Unconſtitutionality. The Aſſembly then called out, "The Queſtion! The Queſtion!" On which L—d C——d—n previouſly requeſted to be heard a few Words more for his further Vindication: He then acquainted the Aſſembly, "That the Reaſon why he did not in direct Terms expreſs himſelf on this Meaſure (as the Noble D—— he applied to obſerved) was, that as it was a Meaſure never debated, as an Object of A———n, (at leaſt before him) he, therefore, thought introducing ſuch a Subject did not belong to his Province; but that he deſired the Noble D—— or any other Perſon in A———n to ſay he ever expreſſed himſelf, either directly or indirectly, in favour of that unconſtitutional Proceeding; and he called, particularly, on the Noble D—— to declare whether his Suggeſtion of this Matter, was not principally, and only, formed from his Silence?" The Queſtion being immediately proceeded on, prevented a Reply, and put an End to the Contention.

Feb. 8. We are informed that a Coalition is likely to take Place, a Plan having been drawn up by one of the greateſt Stateſmen of the Age, which has received the R——l Approbation, and that of the M———y; and it is ſaid the E—— of C———m and L—— C———n's Opinions were to be laid before the P——— C———l Yeſterday.

The greateſt Preparations are making in ſeveral Parts of this Kingdom, in order to celebrate the Day of Mr. Wilkes's Releaſement.

Great Wagers continue ſtill to be laid at both Ends of the Town, that notwithſtanding the boaſted Firmneſs of A———n, a total Change will certainly take Place before the Concluſion of the preſent Month, and along with it a D——n of P———.

Others have ventured large Sums, that nothing of the Kind will happen, and even if it ſhould, that when once the preſent Oppoſition have ſeated themſelves in the Saddle, they will be far from thinking a D——n neceſſary, as their own Intereſt will be too deeply concerned in the Event.

We are informed a great Perſonage has declared, that the preſent Miniſtry "*ſhall be upheld.*"

We hear that the E—— of C———m has aſſured a noble M———s, that he will, at this dangerous Criſis, exert himſelf to the utmoſt, in order to get the Complaints of the People heard, and, if poſſible, their Grievances redreſſed.

An Eſtimate, per Bills of Lading, of all the Britiſh Manufactures which were ſhipped laſt Autumn for America, and have lately been returned upon the Merchants Hands, at London, Briſtol, Liverpool, and the other Out-Ports, is preparing for the Inſpection of an auguſt Aſſembly.

Feb. 9. A certain Earl of great Abilities has again refuſed the Appointment of Firſt Miniſter of this Country, though he alone ſupported Three ſucceſſive Adminiſtrations, and extricated them from all thoſe Errors and Difficulties which conſtantly ariſe from a Want of Judgment, Penetration, Knowledge, and Experience.

It is ſaid that many Noble Lords in the Minority, have repeatedly declared, that they will never agree to any Propoſals for a Coalition, without a previous Aſſurance is made, that the Rights of Election and Repreſentation, ſhall be ſecured to the People.

Feb. 10. As the Second Queſtion was debating on Friday Night laſt in a certain Society, a Diviſion was propoſed by a Member, on Account of the late Hour, and the Waſte of Spirit they muſt neceſſarily have undergone during the former Debate; when L—— C———m roſe up, and ſaid he was directly againſt that Motion; "For, added that N———n, though I am here ſuffering more than any other L—— in the Aſſembly, on Account of my Infirmities, I am willing to ſtay ſomewhat longer, that I might have, at leaſt, the Pleaſure to ſee the Sun riſe on ſuch Proceedings."

Feb. 12. We are aſſured that a certain Perſon, whoſe Intereſt connects with the C——t, received a ſevere Reprimand for his Conduct, in withdrawing himſelf from a particular Place, and taking his Relation with him, when a late Queſtion of Importance was to be decided.

We hear that a certain great Man, who has lately altered his political Conduct, has thereby ſo exaſperated a very great Perſonage, that he has ſtruck him out of a certain Liſt with his own Hand. And it is ſaid, it will not be long before he will be deprived of all his civil and maritime Appointments.

A patriotic Nobleman has delivered it as his Opinion in a late C——n—l, that notwithſtanding the preſent unhappy Diviſions at home, and the exhauſted State of our Finances, the firſt Blow that ſhall be ſtruck by France or Spain againſt the Ruſſians, muſt at all Events be conſidered as a Declaration of War againſt Great-Britain; and we hear the Majority of the Members preſent acquieſced in his Reaſons.

We are informed, that a certain great Perſonage has declared himſelf againſt conferring any more Titles or Honours on ſuch Commoners whoſe Claim to them is their Riches, and not their Deſcent.—It is further ſaid, this Reſolution is the Conſequence of ſome late very extraordinary Applications.

Proofs of the Truth of the Aſſertion.

It is reported, that in a Conference his Majeſty had lately with Lord Chatham, that Nobleman told him, that he ſhould think himſelf obliged at all Times to ſtand up in Defence of his M———'s juſt Rights; but

days, and now have a Handful of Straw, which is as dear as Feathers in England. Theſe are the Hardſhips which we now undergo, and what we ſhall ſuffer more God only knows! I know not. My Service to the Conſul at Vigo. When you write to me deſire the

Yeſterday a grand Entertainment was given by the Lord Mayor, at the Manſion-Houſe, at which were preſent, a great Number of the Nobility and Gentry of

society, the Bets were 41 to 42 on a popular Question.

A certain great Officer in the Law has declared that he will not resign without a Pension; that "he will at any Time deliver up his Commission with one Hand, on receiving the Warrant of a Pension with the other."

We hear that the P——t will break up on Tuesday the 20th of March.

We hear that a certain great Personage is determined for the future to be his own Minister himself.

It is asserted for Fact, by those whose Situation in Life gives them the best Opportunity to be acquainted with such Matters, that without some healing Measures are speedily adopted, our whole American Trade will be inevitably lost.

It is said, that his Grace the Duke of Grafton has, since his Resignation of the Post of First Lord of the Treasury, actually refused a Pension of 4000l. per Annum, which his Majesty most graciously offered him, as a Mark of his great Regard for his Grace, and the high Estimation in which he held his Merit and Services.

Letters from Madrid affirm, that Orders have been given to fit out Sixteen Ships of the Line with the utmost Expedition, and that the Land Forces are to be considerably augmented; from which Circumstances it is conjectured his Catholic Majesty will oppose the Russian Fleet in the Mediterranean.

The natural Army of any German Elector is under 20,000 Men. When they exceed that Number, it either falls heavy on their Subjects, or they must be subsidized by some great Power. The King of Prussia has now above 220,000 Men—is not subsidized—and therefore must employ them soon, or be ruined by their Expence.

We are informed, that Orders are dispatched to the recruiting Parties in the different Parts of England, with Instructions for advancing the Bounty-Money, in order to excite the Country People with a greater Emulation to enlist.

It is thought that nothing lessened the Credit of the M————, in the Opinion of the Public, so much as their Behaviour to Lord Camden.

We hear that the Seals are not yet disposed of, notwithstanding it has been so often affirmed in the Papers.

Feb. 16. This Day his Majesty will go in State to the House of Peers, to give the Royal Assent to the Land-Tax Bill, for the ensuing Year; the Bill to punish Mutiny and Desertion, the Bill for regulating Marines, when on shore; and to such other Bills as are ready.

The Levee which Lord North had at the Cockpit Yesterday, was the greatest that has been there this Winter; the Number of Noblemen and Gentlemen's Carriages that attended, were near 200.

It is said a certain Nobleman has employed a Number of Clerks for a Month past, who have worked Night and Day in adjusting his Accounts, which were much confused, previous to his laying them before the Barons of the Exchequer.

It should seem by a late Publication, that the scheming Baronet is *trusty* and *well-beloved*;——how *well beloved* he may be is doubtful; but that he is not *trusty*, appears from an Advertisement to apprehend him, which appeared a few Days since.

It is beyond a Doubt that a Reconciliation has taken Place between a beautiful but unfortunate young Lady of Quality and her Husband, the Nobleman who caused her Indiscretion is certainly Mad.

Upwards of Three Hundred Thousand Pounds worth of Goods are now ready to ship for North America, which all lay stored up in this City, 'til the final Conclusion of the American Affairs are finished in a certain auguist Assembly, which we sincerely hope will terminate in favour of all Parties concerned.

A Correspondent assures us, that the Patriot in the King's Bench has had no less than Six Suits of rich Cloaths presented to him in the Space of a Fortnight past, by Persons who chuse to be incog.

This Day the Decision of a very important Question comes on in a great Assembly.

The Question whether the present V————oy of I———d should continue in his Station, we hear was lately debated in the P——y C———l, when the late Premier urged, "that though they might fix on a Person of greater Abilities, they never could have a Servant that would more implicitly obey the Dictums of M————y." This Argument prevailed, and he is to be further continued in Office.

Feb. 21. Monday Night, in a great political Society, the Question relative to the Expulsion and Incapacity of a certain popular Gentleman was finally determined: The Numbers, on the last Division were 237 to 159, Majority 78; so that the Expulsion, and the Incapacity of that Gentleman to be elected during the present P————t, are now declared to be legal and constitutional.

Feb. 28. In a late Conference between a great Personage and a late popular Commander, on the Subject of his political Principles, which have been lately altered, the former was so extremely pathetic in lamenting the Loss of so valuable a Servant, and expressed so much personal Regard for him, that it drew Tears from both Parties.

We hear some Accounts are received from America, backed by some considerable Persons in the several Colonies, requesting the Mother-Country for Leave of a free Trade.

At the Court at *St. James's*, the Twenty-sixth Day of *February*, 1770.

PRESENT,

The KING's most Excellent Majesty in Council.

HIS Majesty having been pleased to deliver the Custody of the Privy Seal to the Right Honourable George Dunk Earl of Halifax, the Oath of Keeper of the Privy Seal was this Day administered to him; and his Lordship took his Place at the Board accordingly.

This Day the Right Honourable Thomas Robinson, Esq; Vice-Chamberlain of his Majesty's Household, was, by his Majesty's Command, sworn of his Majesty's most Honourable Privy Council, and took his Place at the Board accordingly.

ANNAPOLIS, MAY 3.

We are credibly informed, that a few Days ago a Ship arrived in *Patowmack*, and brings certain Advices that a total Repeal of the *American* Revenue-Act had passed the House of Commons on the 7th of *March*, after having been very warmly debated in the House for Two Days;—and that Col. *Luttrell* was confirmed in his Seat as Member of Parliament for the County of *Middlesex*.

We hear the Brig *Bayon*, Capt. *Howard*, belonging to *Londonderry*, but last from *St. Kitts*, consigned to Mr. *John Stevenson*, of *Baltimore*, with a Cargo of Rum, Sugar, &c. is athore near our Capes. The Cargo, Rigging &c. are saved, but it is uncertain whether the Vessel can be got off.

Extract of a Letter from a Gentleman in London, *to his Friend in this Province, dated* February 21, 1770.

"I was in Hopes to have been able this Day to give you the pleasing Intelligence of a Repeal of the last *American* Revenue-Act, but now they are vanished, and whatever may be the sanguine Expectations of others, I profess there appears to me but little Prospect of a Repeal taking Place this Session; but that you may judge as well as me, I will give you an Account of this Day's Proceedings in the House of Commons, as well as my Memory will admit.

"The *American* Merchant's Petition, (a Copy of which I don't doubt you have had from other Hands) was set for Consideration this Day; when it came on, Lord *N——h*, the first Lord of the Treasury, moved and carried it to be put off 'til *March* the 5th; he said, he was not yet determined upon the Measures that were proper to be taken with *America*, and that he was by no Means of the same Opinion with those who desired a total Repeal of the Act, tho' he shou'd be always ready to hear and attend to their Reasons for their Opinion, and if it was urged that a ministerial Promise was given for the Repeal by Lord *H—sh—b*'s Circular Letter, he conceived that did by no Means extend to the Duty on Tea: He was urged by several Members to declare that the 5th of *March* shou'd peremptorily be the Day, but he sat silent, by which it appears to me, that a further Delay is intended, and by what was said by several Members in private to me, it appeared that at present they do not intend to give up the Duty on Tea. Just before this, Lord *N—h* moved and carried it without Opposition, to address his Majesty to lay before the House, the several Associations with the Names of the Subscribers, that had been entered into in *America* against the Importation of *British* Goods, which have been transmitted from thence to the Secretary of State and Board of Trade. The Use to be made of this is yet to be conjectured, but in my Opinion, either Resolutions of the House, or an Act will pass to make such Associations criminal; therefore look about you in Time, and be provided for such a Stroke; I can't say any Thing about such a diabolical Scheme, the very Thought of it is abominable, a *Nero* or *Calagula* cou'd not devise a more tyrannical Measure.

"The Ministry do not appear to be Friends to *America*, and they have a decisive Majority in the H—e of C——ns, tho' it is somewhat less than it has been, so that if you expect Relief, you must find it in your own Virtue, Firmness, Unanimity, Frugality, and Attention to Manufactures. But how has it happened in the Name of Wonder, that it shou'd be a disputed Point here at this Time of the Day, what are the *American* Grievances? The Merchants in their Petition have only mentioned the last Revenue-Act, tho' strongly urged by me and a few others to include all your Grievances. If you expect the Merchants here to exert themselves in your Cause, 'twou'd be very proper for all *America* to join in one general Plan, to state her Demands fully and clearly to the Merchants, so that they may no longer pretend to doubt what it is you want."

TO THE PRINTERS.

The Committee for Queen-Anne *request you will publish the following Transaction in your next Paper.*

Prince-George's County, *April* 29, 1770.

THE Committee appointed by the Inhabitants of this County, to enquire into the Importation of all Goods to *Queen-Anne* or the Neighbourhood thereof, at a Meeting this Day had for that Purpose, carefully examined the Invoice and Shop Notes of a Cargo of Goods sent by Mr. *Mollison* to Mr. *Stephen West*, in which Cargo the Committee have found the following Articles imported contrary to the General Association for Non-importation, entered into the 22d *June* last, *viz.* 2 Boxes of Knives and Forks at 3/2. 2 ditto at 3/4. 1 Iron Axle-Tree to a Grind-Stone, 1 Piece [illegible] loon, No. 3 36/. 1 Coil of white Rope, 2 Dozen [illegible] Cords, 1 Dozen Drum-Lines, and 2 Pieces silk [illegible] ret. The Committee likewise examined the Invoice and Shop Notes of a Cargo of Goods sent by Mr. *Buchanan* to Mr. *Singleton Wootton*, in which were [illegible] 1 Dozen Iron Thumb-Latches 4/1½. 1 Piece Crape 28/. and 1 Dozen of Handkerchiefs 10/6. imported contrary to the said Association. Also the Invoice and Shop Notes of a Parcel of Goods sent by Mr. *James Russell* to Doctor *Richard Smith*, among which were found ½ a Ream Writing Paper 7/. ½ a Ream brown Paper 4/6. and 6 Skins of Leather 6/. imported contrary to the Association: And the Invoice and Shop Notes of a Parcel of Goods shipped by Mr. *Buchanan* to Mr. *William Turner Wootton*, among which were found 7 Yards of printed Cotton at 2/. imported contrary to the Association. And the Committee having given it as their Opinion, that the several Articles above-mentioned should be sent back to *London*, the Gentlemen interested in said Goods, have promised to deliver them up to be stored by the Committee for that Purpose, which the Committee will take Care to have done, and see that they are sent back to *London* by the first Ship that sails out of *Patuxent*, unless a Repeal of the Act of Parliament laying Duties on Tea, Paper, Glass, &c. should in the intervening Time prevent it, in which Case the Committee have given it their Opinion, that said Goods remain stored, for, and during the Time of 6 Months after such Repeal shall so happen. The Committee are clearly of Opinion that said Articles were imported through Mistake, without any Design to violate the General Agreement.

DANTZICK, *January* 18.

ACCORDING to some unquestionable Advices just received, most of the Ditches that are between Bender and Balta, are filled up with the dead Bodies of the Russian Soldiers, who were either killed, or died of the Disorders which prevailed among them; the Number of them is said to amount to Twenty Thousand.

LONDON,

Jan. 23. It is said that a noble Duke has, within these few Days, expressed himself to a great Personage in these Words; "Without Firmness this Nation is undone."

Letters from a neighbouring Kingdom inform, that the late Proceedings in the national Assembly there have given such universal Discontent, that several of the Senators, who distinguished themselves on the unpopular Side of the Question, are afraid to be seen in the Streets, and have been obliged to send to the Barracks for Parties of Soldiers to protect them from the Insults of the Mob, when they are under a necessity of attending the public Business.

We are informed that the Court of Vienna have certified to the Imperial Ministers at foreign Courts, that they intend to take no Part in the present War between the Turks and the Russians.

A Writer in favour of Administration, says, "The D—e of G———n has resigned his Place, yet he is, and will continue to be, the acting Minister. His Conduct is founded upon a political and honourable Principle; and the good of this Country is still his Object." He adds, "Lord North has Abilities, Resolution, Patriotism, and the Honour worthy of a Leader."

This Morning an Express was sent off from the Earl of Hillsborough's Office in Whitehall, for Plymouth, to be forwarded immediately to New-York.

Feb. 3. We are told that the Number of Seamen to be employed for the Service of the present Year is to be 16,000, including Marines, which is the same Number employed for the preceding Year; this shews obviously, that there are no Thoughts of an immediate War, as has been propagated to deceive the Public.

We are informed that some very interesting Dispatches were received Yesterday from Governor Trelawny, of Jamaica.

Feb. 6. A Letter from Copenhagen, dated January 16, says, "We are assured, that if, during the Winter, Peace should not be established between this Nation and the Algerines, the King will send next Spring into the Mediterranean, a much more considerable Squadron than was at first intended."

Feb. 8. Notwithstanding the many Insinuations in Print, that a noble D—, near Charing-Cross, will soon again join the M———y, we are assured the whole is entirely Groundless, as that N———n has both publicly and privately declared his Abhorrence of such desperate Measures, which the M—— have lately pursued.

It is said, that the Conduct hitherto of a new S———r in a certain Assembly, has done great Honour to their Choice, as he has particularly carried strict Uprightness to both Parties.

Some Letters from Lisbon mention, that Don Mello de Castro, the new Secretary of State, has lately taken some Pains to persuade his most faithful Majesty, that the true Interest of Portugal, with Regard both to Matters of Policy and Commerce, will be to secure the Friendship of Great-Britain.

It was this Morning reported, that Advice is received, that the Spanish Court have given Orders for the Russian Men of War to be denied Entrance into any of his Catholic Majesty's Ports, within or without the Straits of Gibraltar.

It is said, that many noble Lords in the Minority have repeatedly declared, that they will never agree to any Proposals for a Coalition, without a previous Assurance is made, that the Rights of Election and Representation shall be secured to the People.

A witty Earl, at certain late Debates, and at so late an Hour, looking round, and seeing all the Candles near extinguished, said, "I'll retire, for I find all will end in Smoke."

Feb. 10. We are informed, that a conciliating Plan will shortly be proposed by L—d N——h, which, if it should take Effect, will reflect immortal Honour on the Character of that Nobleman.

The Cessions made to France by the House of Austria in the Low Countries, in the late Barrier Treaty, have greatly and justly alarmed the States-General. In Consequence of several Deliberations, their Ministers at Paris and Vienna have in Vain remonstrated, and we are assured, that they are recalled from those Courts. The States-General have put their Navy upon a respectable Footing, and are now recruiting all their Regiments, as they are resolved no longer to be a mere Cypher in the political System of Europe.

We are assured a Squadron of Twelve Men of War have sailed from Toulon, in Quest of the Russian Fleet in the Mediterranean; and an Account of an Engagement between them is hourly expected.

We have the Pleasure to assure our Readers, that a Coalition is now upon the Carpet, and that it will be declared in a few Days. For which Reason, certain Debates have by Agreement been put off, 'til this Measure is brought to an Issue, which has been retarded by the Marquis of Rockingham's Indisposition.

The Ministry have received undoubted Advice of some dangerous Designs, hatching by the Spanish Court, against his Majesty's Province of West-Florida.

Feb. 13. Some secret and very important Dispatches, it is said, are received from the Spanish Court.

Bets are Seven to Two, that the Spaniards attack Jamaica before the 1st of June.

There are no less than 32 Sail of the Line at the Havannah. The Frigates belonging to Commodore Byron's Squadron have received Orders to fit out and repair expeditiously to Jamaica.

Letters from Constantinople advise, that the Porte had given Orders for 30,000 Men to be immediately embarked at the nearest Ports, to garrison the several Greek Islands.

They write from Hamburgh, that the Court of Petersburgh seem somewhat alarmed for the Fate of the Russian Squadron, should it be attacked by the French and Spanish Fleets, which had occasioned the holding divers Councils; at the breaking up of which Couriers were dispatched to the different Northern Courts in Alliance with her Majesty.

They write from Gibraltar, that Three French Men of War of the Line had for some Days been cruising in the Gutt, that they had been twice in the Bay, and their Officers affected to talk mysteriously concerning the Object of their Expedition.

Feb. 15. There was the fullest House of Commons on Monday Night, that has been known for several Years past, 451 Members being present; the Majority increased, and the Minority continued partly the same as upon former Divisions.

An extraordinary Summons of a very spirited Nature from the M———y to their Friends and Dependants, may account, in some Measure, for the unexpected Advance in their Numbers on a late Occasion.

A Correspondent informs us, that 16 belonging to the lesser Number on the above Occasion, were absent by Illness and previous Engagements; so that it may be justly said, the M-n-r-ty is certainly at least 206.

Lord N—th publicly declared on Monday Night, that "nothing but his S————n's Will should ever make him quit his Post, as he considered the present Opponents to Admin———n as so many Locusts, who being driven from their intended Ravages, in their Flight make a *tremendous* Noise, that might frighten

One of the Noblemen summoned to Court, to be present on the Delivery of the City Remonstrance, was asking another Nobleman what they were sent for there; to which he replied, "Why to be sure, my Lord, to have a Sight of the horned Cattle." "Nay, my Lord, (returned the other) if I may judge of some of our Fraternity whom I see amongst us (looking earnestly at a noble Duke) I should rather imagine the Citizens came here for that Purpose.

March 21. We are informed, that if any more Notice should be taken of Lord Chatham's Words in the House of Peers, respecting the Dismission of the late Lord Chancellor (Camden) that those Two Noblemen have so concerted Matters as to produce Proofs of the Truth of his Assertion.

It is reported, that in a Conference his Majesty had lately with Lord Chatham, that Nobleman told him, that he should think himself obliged at all Times to stand up in Defence of his M———'s just Rights; but

The following is an Extract of a Letter from a Passenger on board the Sally Brig, who, with the Captain, Mate, and two Boys, are now confined at the Groyne, under Pretence that they had been taking a Plan of the Harbour and Fortification of Vigo in Spain.

Corunna, Dec. 18, 1769.

"This comes to acquaint you, that after a long and troublesome Journey of eight Days (from Vigo) we got here, and are imprisoned in an Island separate from the Town, and have not spoke to the Consul General, nor the Vice Consul, nor any other Person; neither are they suffered to come and see us. We came here very wet, and were put in Prison in that Condition; we had nothing to lie on but a hard Floor for three or four Days, and now have a Handful of Straw, which is as dear as Feathers in England. These are the Hardships which we now undergo, and what we shall suffer more God only knows! I know not. My Service to the Consul at Vigo. When you write to me desire the

[illegible] stuff to make Statesmen of, than seems to be in Demand at present; as in those Days neither my L—d G———r, nor my L—d S———, nor my L—d W———, nor even R——d R——y, would have had much Chance for Employment.

Advices from Paris, dated March 25, import, "That some Persons belonging to Rochelle and St. Malo, have requested of the King Two Ships, in order to trade to India; and his Majesty, willing to encourage Commerce and Navigation, had granted them Two Vessels, the Brilson and Penthievre, which were among the Number of those that the India Company had ceded to him.

It is said that the Middlesex Remonstrance is intended to be presented on Friday next.

The Military Gentlemen at Chatham, are indefatigable in their Endeavours to prevent a Remonstrance from the County of Kent.

Considerable Bets are laid at the West-End of the Town, that the Duke of Portland, Lord Camden, the Marquis of Rockingham, and Lord Chatham, will be at the Head of the Administration before the Month of April next.

Two Noblemen, who have been hitherto thought strongly attached to Administration, are expected to join the Minority on the next Division.

The French Minister at the Court of Berlin, and the Prussian Minister at Paris, are gone to their respective Homes, and it is thought they will not return, as their royal Masters seem to be of Opinion, that, according to the modern System, their respective Interests are of such a Nature, as not to make it necessary to keep a Minister at a great Expence at each Court.

Letters from Dantzick say, that a Second Fleet of 12 Ships of the Line is fitting out, with the utmost Expedition, in Russia, the Command of which is to be given to Admiral Kosinnin.

Feb. 17. Accounts from Vienna declare, that Advice had been received from Constantinople, that the Grand Signior will certainly put himself at the Head of his Troops, early in the Spring, and that Two of the most respectable Powers in Europe, have engaged to furnish him with Twenty Ships of the Line, in case the Russians should commence Hostilities in the Mediterranean.

Authentic Advices from Venice say, from a Number of concurring Circumstances, it is imagined the Republic will be engaged in the present War between Russia and the Ottoman Porte.

Accounts from Cadiz, Ferrol, and Carthagena, mention, that Orders have been sent from the Court of Madrid, to fit out all the Men of War in those Harbours, with the utmost Expedition, and that the like Instructions had been dispatched to Corunna, Barcelona, and Malaga.

A Gentleman who has lately visited most of the Seaports of Spain, says, that their Marine is in a very poor Condition, and that it will take them a considerable Time to equip a Fleet of any Consequence.

Letters from Madrid, dated Jan. 23, say, "Our Court is astonished to see it in many foreign Papers strongly asserted, that most of the Ports in this Monarchy are making Preparations for War; it is very foreign from the Truth, which is, that they are building a few new Vessels, and repairing those that wanted it, and arranging some other Things, only with a View of putting the Navy on a good Footing."

Letters from the Frontiers of Poland, dated Jan. 28, say, "On the 23d Instant the Confederates attacked Col. Drewitz near Dobra, but he received them in such a Manner, that they lost all their Infantry and Artillery. It is said that the Russians were only 6000 Men, and the Confederates between 7 and 8000. This is the first Time, and very likely the last, that the Confederates will dare to attack the Russians, and give them Battle according to the Rules of War.

It is said, that an Account of the Number of Men and Shipping from England and Scotland, that were employed last Season in the Newfoundland Fishery, has been laid before a great Assembly.

They write from Paris, that a Body of 50,000 French Troops have been ordered to be formed early in the Spring, but the Object of this Force remains at present a profound Secret.

The learned Serjeant Glynn, Knight of the Shire for the County of Middlesex, made a most spirited and elegant Speech, in a certain Assembly on Monday Night last, in defence of the glorious Cause of Liberty, which lasted for Three Hours and Seventeen Minutes.

L—— N——th declared last Week, that "All he had came unasked, quite freely and spontaneously to him;" on which Mr. E——nd B——ke compared him to an Oyster, which lay still gaping for the Tide, ready to receive it, whether it came from the East, West, North, or South, and taking it in, however muddy, foul, and dirty. Another Member added, that "if L—— N——th was the Oyster itself, J—m—h D—s—n and J—k—n were the Two Shells."

Feb. 18. The Evening before the E—l of C———m went out of Town, sitting in Company with a select Party, he declared his Intention of going into the Country next Day, as the Affair, he said, "Was all over." Some Friends of his interposing, and begging his Lordship would wait a few Days longer, he replied in a great Passion, "Zounds, if it was possible *Truth* or *Justice* could prevail by their own Force, I would stay *Years* in Town, to do my Country all t
Service in my Power; but when there is a Majori
for G——t on every Question, all further Opposition
would be as ridiculous as for a poor Man to conte
with a rich one, when the Dispute was *alone* to be de
termined by the length of their Purses."

Letters from Hamburgh mention, that the Court o
Petersburgh lately received some Advices, which ha
determined the Empress to demand a categorical
Answer from the Court of Versailles, whether France
intends to take any Part in the present War between
the Turks and Russians?

They write from Constantinople, that the People
there are very apprehensive the Court of Vienna will
soon join the Russians; and they say if that should
happen, the Downfall of the Ottoman Empire will be
at no great Distance.

Letters from Cadiz mention, that a Fleet of Spanish
Men of War is now fitting out there, said to be in-
tended for a secret Expedition.

We are assured, that when Lord Camden delivered
up the Seals to a certain great Personage, a long Con-
versation ensued, in the Course of which, the latter
frequently expressed great concern at the present un-
happy Divisions, and repeatedly mentioned his Anxiety
to put a Period to them as soon as possible.

Feb. 20. Notwithstanding the Reasons assigned for
putting Jamaica under martial Laws, the Intelligent,
from many concurring Circumstances of the Orders
given for the Commissioners of the Victualling-Office
to make Preparations to victual a Fleet, the Orders
from the Admiralty to fit out several capital Ships,
and the Report of 2000 Stand of Small-Arms now
sending from the Tower to the said Island, conclude
that a War is not very distant.

The French Court, in less than a Fortnight, will
have Eight Ships of the Line, Four Ships of 50 Guns,
Four small Frigates, and Two Bombketches, ready to
put to Sea. For this Purpose, a very great Number of
Naval Artificers were a few Days ago sent from Brest
to Toulon, in which Place they now are.

Last Week, Beating Orders were issued from the
Board of Admiralty, to enlist Recruits to fill up the
Vacancies in the Three Divisions of Marines on the
Portsmouth, Plymouth, and Chatham Divisions.

The Report from the Committee appointed to exa-
mine into the State of the Nation, which was to have
been received last Friday in a certain H——e, was put
off 'til this Day, a previous Question having arisen,
which took up the Deliberation of that Assembly 'til
near Ten at Night.

Letters from Vienna, dated January 27, say, "Let-
ters from Hermanstad advise, that the Beginning of
this Month the Turks fell upon Buckarest, the Capital
of Valachia, and drove the Russians from thence; some
Days after the Russians returned, drove away the
Turks again, and pursued them a great Way. Many
of the Inhabitants of that Province have abandoned
their Houses, and Numbers of them have taken Re-
fuge in Transylvania."

Immediately after the Earl of Hillsborough's last
Conference with a great Personage, his Lordship went
to Judge Bathurst, and we are assured from good Au-
thority, strongly solicited him to accept the Seals.

A Report was last Night current at the Smyrna and
Cocoa-Tree, that a French and Russian Man of War
had met near the Straits of Dardanelle, and on the
former's refusing to give the Precedence to the latter,
they came to an Engagement, in which the Russian
was worsted. This it is supposed will cause an imme-
diate Rupture between the Two Nations.

Letters from Warsaw, dated January 27, say,
"Yesterday an Express arrived with Advice, that a
Body of Confederates have taken at Sidleo, an Estate
belonging to Prince Czartorowski, Grand Chancellor
of Lithuania, Count Grabowski, late Marshal of the
Confederacy of the Dissidents, together with his Bro-
ther, Chief of the Lithuanian Horse-Guards, both
Majors-General in the Army of this Grand Dutchy,
and Knights of the Order of St. Alexander in Russia.
These, Two Officers! lived retired upon that Estate,
without any Apprehensions of being molested by the
Confederates. After plundering and using them very
ill, they were put in a Waggon, and carried away,
but it is not known whither. This Affair makes a
great Noise, and it is not doubted but the Russian Am-
bassador will insist upon these Noblemen being set at
Liberty.

Feb. 22. It is asserted, that Two very distinguished
Noblemen are become indefatigable in their Endea-
vours to effect a happy Termination of the Differences
now subsisting between England and her Colonies.

It is thought that about Twenty Ships, fully laden, will leave the Thames, in one Week after the repeal of the American Acts, and that great Numbers more will depart from different Ports in this Kingdom, before they have been repealed one Month.

An Evening Paper says, "It was strongly reported Yesterday Morning at Whitehall, that Dispatches of a very serious Nature had been received from our Ambassador at Madrid, relative to a Squadron of Spanish Men of War, with several Regiments on board, that had sailed to the West-Indies, designed, as it was believed, against Jamaica.—And we are assured, that Orders have been sent to Portsmouth for fitting out immediately a Squadron of Observation for the West-Indies."

Orders are given for Fifty Tuns of new Half-Pence to be struck at the Tower for the Use of the American Colonies, pursuant to the Petition of the Province of Virginia, and other Settlements, as lately transmitted to the Secretary of State for the Colonies.

We are now informed, that a great Personage's Orders to one of his Servants, at a late Conference, relating to America, was, Let the Dignity of Government be supported with Firmness, but Moderation; and for past Offences, let Justice give Place to Mercy.

We are credibly informed, that Edward Thurloe, Esq; King's Council, is appointed his Majesty's Solicitor-General, in the room of John Dunning, Esq; who has resigned.

The Province of South-Carolina having set the patriotic Example, the Society of the Bill of Rights are in daily Expectation of some considerable Subscriptions from America, in Consequence of their Circular Letters, which were sent some Time ago.

Feb. 23. It is now reported, that Sir Jeffery Amherst, will be appointed Governor of New-York, and succeed to the supreme Command of American Land Forces, in the Room of General Gage.

It is said, those of the Livery, whose Situation in Life render them sufficiently independent to act agreeable to their own Consciences, are determined to go up to St. J——'s in their Livery Gowns.

Feb. 24. Accounts from Ireland say, that a great Number of Linen Manufacturers in the North of that Kingdom, have left their Country, and gone to settle in North-America.

It is now said, that if there is a Repeal of the Acts, laying Duties on Paper and Glass in America, there will be inserted a Clause to restrain them from erecting Paper-Mills, or Glass-Houses, of any Kind whatever.

N E W - Y O R K, *April* 26.

Extract of a Letter from London, dated in January.

"There has been lately many warm Debates in the House of Commons against the Court, and do push the Ministry very hard for their unconstitutional Measures. The general Subject of the Debates, was on the Expulsion of Mr. Wilkes, which had occasioned such Commotions in the Kingdom, and bitter Invectives against the Ministry.—Col. Barre, pointing to Lord North, Chancellor of the Exchequer, and to the Treasury Bench, said, "These are the Men who have alienated the Minds and Affections of the People from the best of Kings; a King who ascended the Throne more beloved than any of his Predecessors:" And added, "Does it not make you tremble when I tell you, there are Thirteen Millions of Subjects, now in a flaming Fever, from the Wounds you have given the Constitution?" Lord Bottetourt's Speech was attacked by Barry and Burke, and most strongly ridiculed; the Reason of introducing it was, to show the Impropriety of a Minister's Promise to repeal any Act before he had consulted Parliament. Beckford, Burke, Barre, and many others of the Minority, spoke strongly in Favour of America; condemned the Treatment of it from the Beginning, and strongly urged the giving it a proper Constitution. But the Chancellor of the Exchequer in answer to them, took no Notice of the Proposition; he however observed, that the Act laying Duties on the British Manufactures, was the most Anti-commercial that ever was contrived.——Lord Barrington, who is in Place, and has always been remarkable to go with every Administration, in endeavouring to justify his Conduct, threw out, that for his Part, he had served Government for 25 Years; Mr. Burke, in Reply, was very severe upon him, and said to this Purpose: "'Tis not to the Veteran I address myself, nor to him hackneyed in the Ways of Government, 'tis to you young Men, the rising Hopes of your Country! Let me advise you not to tread in the Steps of those who have brought this Confusion on their Country——Should there be any among you base enough to follow their Example, may he die the Death of the worst Malefactor; may he suffer all the Pains and Tortures that have been inflicted on those who have paid their forfeit Lives to their Country; may he, O for a noble Curse! May he be the Tool of Government for 25 Years, the common Sewer of every Administration."

WILLIAMSBURG, *April* 26.

By an Express just arrived from Hampton, we are assured with Certainty, that the Revenue-Acts are all repealed, the Tea-Act only excepted.

ANNAPOLIS, May 10.

Extract of a Letter from a House in London *to their Correspondent in* Maryland, *dated* March 5, 1770.

"This is the Day fixed in the House of Commons to consider of the Repeal of the Revenue-Acts; we shall keep our Letters open as long as we can, to let you know our Fate; at present we do not expect a Repeal of the Tea-Act."

To which was subjoin'd the following Paragraph, March 6.

"Late last Night the House of Commons came to the Resolution to repeal the Duties on Paper, Glass, and Painters Colours, but the Duty on Tea is to remain with the Preamble to the Revenue-Bill.——The Number against the Repeal of the Tea-Duty was 204, for the Repeal 142, the Majority against the Repeal 62, so that all our Expectations of a general Trade are over for this Year, and the Ministry seem firm in their Resolutions."

*** *The Printers request the Public will excuse the Size of this Paper for One or Two Weeks, as they cannot, even for ready Money, get a regular Supply, owing to the great Demand for* American *Paper since the Revenue-Act took Place; and under the Association in this Province, Paper of the Price on which this Gazette is usually published, is not allowed to be imported from* Great-Britain. *The Scarcity of Paper has also prevented a Re-publication of the Pieces signed* Junius, &c. ——*A Vessel is now gone round to* Philadelphia, *and by her Return the Paper-Maker has promised to send a large Quantity to this Printing-Office.*

One of the Noblemen, summoned to Court, to be present on the Delivery of the City Remonstrance, was asking another Nobleman what they were sent for there; to which he replied, "Why to be sure, my Lord, to have a Sight of the horned Cattle." "Nay, my Lord (returned the other) if I may judge of some of our Fraternity whom I see amongst us (looking earnestly at a noble Duke) I should rather imagine the Citizens came here for that Purpose.

SUPPLEMENT TO THE MARYLAND GAZETTE.

ANNAPOLIS, MAY 10, 1770.

TO BE SOLD,

A LIKELY young Negro Man, about Twenty-three Years of Age, has worked at the Blackſmiths Buſineſs about 9 or 10 Years, is a good Tradeſman, very active, ſupple, and an orderly well behaved Fellow, ſold for no Fault, only that his Maſter declines the Buſineſs. Enquire of the Printers.

THE Manufacturer of TOBACCO and SNUFF, at *Bladenſburg*, once more addreſſes the Public, but particularly the Gentlemen Merchants, Factors, &c. acquainting them, that he is deſirous to furniſh them with Snuff, in the Wholeſale Way, and to prevent Diſappointments, he requeſts them to ſend their Orders to him as ſoon as poſſible, for it is highly probable he may enter into ſuch Engagements, as will effectually hinder his ſupplying them with the Quantities they may want.

It may not be improper to acquaint thoſe Ladies and Gentlemen who live remote from the Manufactory and are deſirous of becoming Cuſtomers, that he makes plain Scotch, Rappee, Spaniſh, and high Toaſt Snuff, and many Sorts of thoſe different Kinds.

In theſe Times of Oppreſſion, when Patriotiſm is the Theme of every Lover of his Country, it is hoped that the Want of Bottles will be no Obſtacle to the Sale of his Snuff, which he purpoſes to pack up in Country made Pots, when his preſent Stock of Bottles is exhauſted.

He has the Pleaſure to acknowledge himſelf much obliged for the Favours received from his good old Cuſtomers, and is anxious to merit a Continuance of their Correſpondence with,

Their very humble Servant,

RICHARD THOMPSON.

MARYLAND GAZETTE.

THURSDAY, MAY 17, 1770.

CONSTANTINOPLE, *December* 18.

WE intend opposing the Russian Fleet with 19 Ships of War, 8 of which are ready, and the rest on the Point of being built. The Russian Resident, with his Retinue, is conducted to Demotica; and Count Potocki, with his to Rusczyk.

Genoa, Jan. 27. Letters from Toulon advise, that the Men of War and Frigates at that Port, are getting ready to sail as soon as possible, in order to cruise in the Mediterranean.

From the Frontiers of Turkey, Jan. 28. The Preparations of the Turks for the ensuing Campaign are extremely great, and they intend to encrease their Forces to 300,000 Men, which the Grand Visir proposes to command himself, and they are at Work Night and Day making Arms for the Recruits.

Latczow, Feb. 2. A Courier from Maldavia, has just brought to Count Romanzow Advice, that on the 18th Ult. a Body of 3000 Russians had attacked, near Fora, 8000 Turks, of whom 3000 were left dead on the Spot. This Courier was charged with some valuable Effects, taken in this Action from the Turks, some of which are for our General in Chief, and the others for the other Generals. We have now no Doubt that the Russians will soon make themselves Masters of the Fortress of Brohilow; and that the Valachians will send Deputies to Petersburgh, to implore her Imperial Majesty's Protection.

Petersburgh, Feb. 6. Yesterday a Courier arrived here from General Romanzow with Advice, that on the 15th of last Month, a second Engagement happened between Gen. Podgoritschany, and another Party of the Enemy, different from those of the preceding Day, consisting of 2000 Infantry and 6000 Cavalry, headed by Three Pachas, and supported with Nine Pieces of Cannon; they attacked our Troops near Toschany, but were happily routed after leaving above 1000 Turks upon the Field of Battle. We have taken in this last Affair several Standards, some Cannon, and Two Waggons loaded with Powder.

Geneva, Feb. 16. Yesterday, at Three, a very dangerous Sedition broke out in this City. The Design of the Persons concerned in it, was to murder the Council, and afterwards the Burgesses, and then to make themselves Masters of the City. In Half an Hour more all had been lost. Two or Three Hundred had already began to fire, but did no other Mischief than slightly wounding a few. the Alarm was then given, and the General beat. The Garrison were in a Moment under Arms, and Four of the seditious laid dead on the Spot. The main Body, which exceeded Two Thousand, all active, bold Persons, was at Fouro. The Four Syndics in Office went there, and ordered them to lay down their Arms. The Insurgents refused; but the good Countenance of the Garrison, supported by a Party of the Burgesses, obliged them to surrender. The Ringleaders were taken and committed to Prison, and it is imagined will loose their Heads, as well as several others who have just been apprehended. Among the dead are Four Persons. We expect To-morrow 600 Men from Nyon, which, it is hoped, will put a final Stop to this unhappy Affair.

Algiers, Feb. 23. The Dey understanding that Two of his Chebecks, one of 24 and the other of 30 Guns, had been taken by the Spaniards, and that the Captain of one of the Vessels had been obliged to surrender, in Consequence of his Ship having been previously damaged by a French Frigate, was so irritated, that he ordered an Embargo to be laid on all the French Ships in this Harbour; and after severely reproaching the French Consul, dispatched a Vessel to Marseilles, in order to demand Satisfaction for the Insult he had received.

LONDON,

Feb. 22. We are told, that the Grand Signior has publicly declared, that if the British Court assists the Empress of Russia with any Ships of War, or other Naval Aid, so as the Turkish Men of War be taken, or any Ways damaged, by such Assistance, he will order the British Ambassador to be impaled alive, in the most public and conspicuous Place in all Constantinople.

Feb. 27. This Week several Ships will leave the River Thames, loaded with Goods, at the Risk of the Merchants, for America, as there is the highest Probability of a Reconciliation taken Place between Great-Britain and her Colonies.

Feb. 28. At the last Meeting, it is said, the Amount of Mr. Wilkes's Debts was reduced to about Four Thousand Pounds; and it further appeared, that a ministerial Agent had bought up Sixteen Hundred Pounds, which he is determined not to give a Discharge for under Twenty Shillings in the Pound.

Monday an Express was sent off from the Admiralty Office, for Commodore Forest, Commander in Chief of the Leeward Islands Squadron in the West-Indies.

March 1. A Council is appointed to be held on Saturday next at the Cockpit, Whitehall, when, it is asserted, some Matters of the greatest Importance, respecting America, will be the chief Subject of Consideration.

We hear that a certain Baronet had very nigh been brought upon his Knees.

It is said that oblique Offers have been made to some of the Heads of the Minority of certain lucrative Places, but they have declined accepting them, as they would not choose to join certain Persons in A———n, whom they consider as the Foes of the People.

March 3. Wednesday came on the Hearing of the Allegations against Sir Francis Bernard at the Cockpit, Whitehall.

We are assured, that although a certain Baronet is expected to be acquitted of all American Accusations, he was on Thursday Noon informed by the Earl of H———, that it was not his M—j——y's Intentions to employ him any more in America, but that he might hope for Employment of his Abilities, in his Master's Service, elsewere.

A Case is drawn up, and expressed in very warm and urgent Terms, by the Council for the People of the Town of B———n in A———a, which is to be laid before a certain Board in a few Days, and from whose Opinion thereon much is expected.

A celebrated foreign Politician makes the following striking Remark upon the English Constitution. The Laws, says he, do not indicate, with proper Perspicuity and Explicitness, how far the Rights of each of the Three Legislative Powers extend. There are Three Things in England without any known Limits; the King's Prerogative; the Liberties of the People; and the Privileges of the Parliament. This, of Course, must sometimes make the Government vague and unstable, and bring on Confusion: For how natural is it, and it has more than once been actually the Case, that the King, the People, and the Parliament, having no determined Limits, should be for extending their respective Prerogatives, Liberties and Privileges, to an improper Length. The Consequences of such Attempts, have been violent Contests and Parties, which have divided the Nation, and produced innumerable Evils, intestine Wars and Revolutions.

The Trade of the Colonies is really the Trade of Great-Britain herself; the Profits thereof center here: It is one grand Source, from whence Money so plentifully flows into the Hands of the several Manufacturers, and from thence into the Coffers of Landholders, throughout this Kingdom; it is, in short, the strongest Chain of Connexion between Britain and her Colonies. The Embarrassments, Difficulties, and insupportable Burdens, under which this Trade has laboured, have

already made the Americans prudent, frugal and industrious; and such a Spirit in the Colonists must soon, very soon enable them to subsist without the Manufactures of Great-Britain, the Trade of which, as well as its Naval Power, has been greatly promoted and strengthened by the Luxury of the Colonies; consequently, any Measures that have a Tendency to injure, obstruct, and diminish the American Trade and Navigation, must have the same Effect upon that of Great-Britain, and, in all Probability, *prove her Ruin.*

We are assured that Lord North has had the Happiness, since he has been at the Head of Affairs, to give great Satisfaction to both Parties, by his candid and spirited Conduct.

A C A R D.

OLD England sends her Blessings to her Sons, the Agents and Advocates for North-America, conjuring them, by all they hold dear and sacred to themselves, and to their Posterity, to act as it becomes them—with Firmness—yet with Decency, upon the approaching important Occasion; and if they ask nothing inconsistent with a Parent's Justice to herself—or Tenderness to her other Children to grant, they may safely rely upon her Protection and Favour.—The Mode of their Prayer will either increase or lessen the Number of their Relations—who wish to join them in a Hymn of Praise and Thanksgiving—rather than to see them cloathed in Sackcloth and Ashes. Be wise in Time."

March 6. Yesterday there was a very full House, the Object of the Debate was the Petition of the American Merchants, for the Repeal of certain Acts laying Duties upon Goods imported to the said Colonies.

March 7. At a Meeting held on Monday, we are informed, it was resolved to take off all the Duties lately imposed, except the additional Duty laid on a certain Asiatick Herb.

Bets on Monday Night, on Colony Affairs, we are told were,

For the Tea Duty, 240

Yesterday all the Ships Bills put up at the New-England Coffee-House, for several Parts of North America, were taken down and burnt, and we are credibly informed, several Advertisements will soon be published, giving the greatest Encouragement to all Sorts of Manufacturers to transport themselves and Families to the Continent.

The Question relative to the creating certain Officers to act as British Consuls in the different Colonies, will be shortly debated in a certain Assembly.

Some say that very few of the Orders from America will be executed, as the Act for a Duty on Tea is still to be in Force; and most of the Orders expresly forbid the Goods, unless all the Acts for Taxation of America be repealed. But we have also been assured that the Price of British Goods over the Water is so much advanced, that the American Merchants, and many new Adventurers, will send several Ships on their own Risk, and perhaps double the Quantity of Goods, under Orders, will be exported, in the Course of this Month, by those Means.

Some Gentlemen of great Fortune in the Colonies, are daily expected in London, on Affairs of the last Importance.

We have Accounts from Birmingham, Sheffield, and Manchester, that a Number of additional Artificers have, within these few Days, been taken into Pay, to compleat the very extensive Commissions now executing for North-America.

It is reported, that Accounts of the Quantity and Value of Teas, exported to the American Colonies from Christmas, 1761, to Christmas, 1769, are making out for Inspection.

Accounts have been presented of all the Goods, &c. exported to North-America, during the last Two Years.

Accounts are also said to be preparing of all Monies issued for secret and special Services since his Majesty's Accession to the Throne.

Similar Accounts are making out for the last Eight Years of his late Majesty's Reign.

Orders are said to have been sent for the several Station Ships on the American Coast, to repair with all Expedition to Jamaica, &c.

We have it from good Authority, that the French have at this Time a great Number of small Ships of War building in the several Ports of Corsica.

We hear that a noble Lord still continues to urge the Expediency of demanding a categorical Answer from the Courts of France and Spain, relative to the Object of their present warlike Preparations in Europe, Asia, Africa, and America.

March 8. Yesterday, at Half after Eleven, the Sheriffs attended at St. James's, to know his Majesty's Pleasure when he would be waited on with the City Address, Remonstrance, and Petition; they waited 'till Twenty Minutes after Two, when the Levee being over, they, with the Remembrancer, were admitted into the Closet, when Mr. Sheriff Townsend addressed himself to his Majesty in the following Words:—

"*May it please your Majesty,*

"By Order of the Lord Mayor, Aldermen and Livery, of the City of London, in Common-Hall assembled, we took the earliest Opportunity, as was our Duty, to wait upon your Majesty; and being prevented by one of your Majesty's Household, who informed us, that it was your Majesty's Pleasure to receive us this Day, wait on your Majesty, humbly to know, when your Majesty will please to be attended with an humble Address, Remonstrance, and Petition."

To which his MAJESTY *was pleased to return the following* ANSWER.

"As the Case is entirely new, I will take Time to consider of it, and transmit you an Answer by one of my principal Secretaries of State."

We are informed by a Gentleman lately arrived from the Continent, that above Five Weeks ago there were 26 Ships of War at Cadiz, near 20 of which are Ships of the Line, ready to put to Sea at Two Hours Notice, and several of their Sails were actually bent; and that there were near the same Number in the Caraccas, that would be ready to go to Sea in a Week.

Alderman H—ley spoke with great warmth upon the Subject, calling such a Meeting *factious* and *seditious*, and said, "For his Part, as a Member of P——, he would take the earliest Opportunity of bringing all those who signed the Remonstrance to the Bar of the H——e, to answer to such Conduct." Upon which Mr. Sheriff T——d replied, "Why then, by God's Blessing, you shall begin with me, as I am determined to be one of the first Subscribers."

We hear that Sir Edward Hawke, accompanied by some more of the Lords of the Admiralty, will set out soon, to take a Survey of Milford Haven, which has long been esteemed one of the best Ports in the Kingdom, for the stationing of a Fleet in Time of War.

March 10. Israel Wilkes, Esq; Brother to the celebrated Patriot, is appointed British Consul at Aleppo, in Syria, and he and his Family are now preparing for their Voyage thither. This Gentleman, who has never been in the Opposition, had a Place given him during the Earl of Bute's Administration. He is a Gentleman of very solid Parts, and great Abilities.

It is confidently asserted that Lord Mansfield will be made Chancellor very soon.

We hear a noble Lord's Reasons for alledging that our inveterate Enemies the French, have already struck an important Blow, against this Nation in a certain Quarter of the Globe, are actually preparing to be laid before an august Assembly.

It is also said, that a Number of Agents, employed by the M——ry, are gone down into the different Counties and Boroughs, in order to prevent any Remonstrances taking Place.

A Great Personage in a late Conference with a patriotic Nobleman, urged his Dislike of the present Mode of Petitions. On which his Lordship said, you know, my Liege, it has always been customary to address the Throne for Redress of Grievances: To which his M——y chattily replied, "*The Law of Custom is the Law of Fools, but it shall never govern me.*"

A Letter from the Confines of Switzerland, dated the 17th Ult. says, "We are still in Confusion, and unacquainted with the Nature or Extent of the Sedition which broke out the Day before Yesterday. Thanks to our choice Spirits, who succeed but too well in their Endeavours to stifle every Resentment of Religion, Honour and Humanity. Geneva, heretofore the Seat of Piety, is now become a true Tower of Babel.

Some Letters from Minorca mention a Report prevailing there, that Occasion has been given lately, for suspecting some secret Designs of our old Enemies being now in Agitation against that Island.

It is observable, that a certain foreign Ambassador has, for some Weeks past, discontinued all Conferences with the Ministry; and a Rumour now prevails, that his Residence here will be of no long Continuance.

It is reported for certain, that the several Armaments, now fitting out in the Ports of the Mediterra-

'Tis even ſaid with an Air of Authority, the Dey of Algiers will be the firſt Object of Reſentment, in Return for the many Piracies and Depredations committed by his Cruizers on the Subjects of their moſt Chriſtian and Catholic Majeſties.

March 15. Yeſterday, betwixt XII and I o'Clock, the Right Hon. the Lord Mayor, attended by Sir Wm. Stephenſon, Alderman Trecothick, and the Two Sheriffs, followed by ſeveral of the Common Council and Liverymen of this City, in upwards of Sixty Carriages, went from Guildhall, to St. James's, to preſent the Addreſs, Remonſtrance, and Petition (the Streets were lined with an incredible Number of People from the Manſion-Houſe, to St. James's Palace) where they arrived about Two o'Clock; they were introduced into the Preſence Chamber, by the Lord in Waiting, where his Majeſty was ſeated on his Throne, attended by their Royal Highneſſes the Dukes of Glouceſter and Cumberland on his Right and Left, and a great Number of the Nobility; the Remonſtrance was attempted to be read by the Common Serjeant, but he was ſo ill, that he could not go through with it; upon which it was given to the Town Clerk, who read it with an audible Voice.

The Addreſs, Remonſtrance, and Petition of the Lord Mayor, Aldermen, Common Council, and Livery of the City of London, in Common-Hall aſſembled.

To the KING's *Moſt Excellent* MAJESTY.

"*May it pleaſe your Majeſty,*

WE have already in our Petition dutifully repreſented to your Majeſty the chief Injuries we have ſuſtained. We are unwilling to believe, that your Majeſty can ſlight the Deſires of your People, or be regardleſs of their Affection, and deaf to their Complaints, yet their Complaints remain unanſwered; their Injuries are confirmed; and the only Judge, whom the Revolution has left removable at the Pleaſure of the Crown, has been diſmiſſed from his high Office, for defending in Parliament the Law and the Conſtitution. We therefore venture once more to addreſs ourſelves to your Majeſty, as to the Father of your People, as to him, who muſt be both able and willing to redreſs our Grievances; and we repeat our Application with the greater Propriety, becauſe we ſee the Inſtruments of our Wrongs, who have carried into Execution the Meaſures of which we complain, more particularly diſtinguiſhed by your Majeſty's royal Bounty and Favour.

"Under the ſame ſecret malignant Influence, which, through each ſucceſſive Adminiſtration, has defeated every good, and ſuggeſted every bad Intention, the Majority of the —— of —— have deprived your People of their deareſt Rights.

"They have done a Deed, more ruinous in its Conſequences, than the levying of Ship Money by Charles the Firſt, or the diſpenſing Power aſſumed by James the Second: A Deed, which muſt vitiate all the future Proceedings of this ——; for the Acts of the Legiſlature itſelf can no more be valid without a legal —— of ——, than without a legal Prince upon the Throne.

"Rep——s of the People are eſſential to the making of Laws; and there is a Time when it is morally demonſtrable, that Men ceaſe to be R——s. That Time is now arrived. The preſent —— of —— do not rep——t the People. We owe to your Majeſty an Obedience, under the Reſtrictions of the Laws, for the Calling and Duration of Parliaments; and your Majeſty owes to us, that our Repreſentation, free from the Force of Arms or Corruption, ſhould be preſerved to us in them.

"It was for this we ſucceſsfully ſtruggled under James the Second; for this we teſted, and have faithfully ſupported your Majeſty's Family on the Throne.

"The People have been invariably uniform in their Object; though the different Mode of Attack has called for a different Defence.

"Under James the Second they complained that the Sitting of P——t was interrupted, becauſe it was not corruptly ſubſervient enough to his Deſigns. We complain now, that the Sitting of this —— is not interrupted, becauſe it is corruptly too ſubſervient to the Deſigns of your Majeſty's Miniſters. Had the —— under James the Second, been as ſubmiſſive to his Commands, as it is at this Day to the Dictates of a Miniſter, inſtead of Clamours for its Meeting, the Nation would have rung, as now, with Outcries for its Diſſ——n. The Forms of the Conſtitution, like thoſe of Religion, were not eſtabliſhed for the Form's Sake, but for the Subſtance, and we call God and Men to Witneſs, that as we do not owe our Liberty to thoſe nice and ſubtle Diſtinctions, which Places and Penſions, and lucrative Employments, have invented, ſo neither will we be cheated of it by them; but as it was gained by the ſtern Virtue of our Anceſtors, by the Virtue of their Deſcendants, it ſhall be preſerved.

"Since, therefore, the Miſdeeds of your Majeſty's Miniſters, in vio——ting the Freedom of E——n, and depraving the noble Conſtitution of P——t, are notorious, as well as ſubverſive of the fundamental Laws and Liberties of this Realm; and ſince your Majeſty, both in honour and juſtice, is obliged inviolably to preſerve them, according to the Oath made to God and your Subjects at your Coronation: We, your Remonſtrants, aſſure ourſelves, that your Majeſty will reſtore the conſtitutional Government, and Quiet of your People, by d—— this P——, and removing thoſe evil Miniſters for ever from your Councils."

To which Addreſs, Remonſtrance, and Petition, His Majeſty was pleaſed to return the following Anſwer:

"I SHALL always be ready to receive the Requeſts, and to liſten to the Complaints of my Subjects; but it gives me great Concern to find that any of them ſhould have been ſo far miſled as to offer me an Addreſs and Remonſtrance, the Contents of which I cannot but conſider as diſreſpectful to me, injurious to my Parliament, and irreconcileable to the Principles of the Conſtitution.

"I have ever made the Law of the Land the Rule of my Conduct, eſteeming it my chief Glory to reign over a Free People. With this View I have always been careful, as well to execute faithfully the Truſt repoſed in me, as to avoid even the Appearance of invading any of thoſe Powers which the Conſtitution has placed in other Hands. It is only by perſevering in ſuch a Conduct, that I can either Diſcharge my own Duty, or ſecure to my Subjects the free Enjoyment of thoſe Rights which my Family were called to defend: And while I act upon theſe Principles, I ſhall have a Right to expect, and I am confident I ſhall continue to receive, the ſteady and affectionate Support of my People."

ANNAPOLIS, MAY 17.

Extract of a Letter, dated London, *7th* March 1770.

Lord *North* moved for a Repeal of ſo much of the 7th *Geo.* III, as related to Paper, Glaſs, and Colours. He introduced his Motion, with taking Notice of the unhappy Miſunderſtanding between *Great-Britain* and the Colonies, of the Impolicy of that Part of the Act. He moved for a Repeal of, and with expreſſing his earneſt Wiſh, that ſome Plan might be fallen on, productive of general Satisfaction. He obſerved there was an Agreement with the *Eaſt-India* Company, in reſpect to the Article of Tea, and intimated that if a new Agreement ſhould be made, the Objection to taking off the Duty on Tea would be leſs material. He ſpoke with unexpected Moderation, but remarked, that the *American* Aſſociations were not to be regarded, he having Papers to ſhew, that even the rigid *Boſtonians* began to relax. *Beckford* propoſed an Amendment to extend the Repeal to Tea. *Pownal* ſpoke next on the State of the *American* Governments, which he promiſed at a future Day, to bring more regularly before the Houſe, but to the Merits of the Motion, ſaid little. *G. Grenville* declared, that he would not divide on any Queſtion which might be put on the Motion, but gave his Opinion, that all the Difficulties they had to encounter, aroſe from the Repeal of the Stamp-Act, and left the Houſe. General *Conway* ſpoke with unuſual Warmth for a total Repeal, on the Principle that the *Britiſh* Parliament had no Right to tax the Colonies. *Wedderburn* was virulent in his Abuſe of the Miniſtry, and particularly for this Attempt, to encourage the ſeditious Spirit of the Colonilts, and to leſſen the Authority of the *Britiſh* Parliament over them, moſt vehemently contending for the Right of of impoſing internal Taxes, *&c.* and concluding abſolutely againſt the Motion. Lord *Barrington* and *Welbore Ellis*, on the ſame Side. *Thomas Townſend* and Sir *William Meredith* for a total Repeal, and Col. *Barre* concluded the Debate with a long animated Speech on the ſame Side. *Burke* was entirely ſilent.

No Diviſion againſt the Motion. It has been reported, and I believe on a good Foundation, that Lord *North* was really for a total Repeal, and Lord *Hillſborough*, ſupported by the Duke of *Bedford* againſt it."

One of the Noblemen ſummoned to Court, to be preſent on the Delivery of the City Remonſtrance, was aſking another Nobleman what they were ſent for there; to which he replied, "Why to be ſure, my Lord, to have a Sight of the horned Cattle." "Nay, my Lord, (returned the other) if I may judge of ſome of our Fraternity whom I ſee amongſt us (looking earneſtly at a noble Duke) I ſhould rather imagine the Citizens came here for that Purpoſe.

March 21. We are informed, that if any more Notice ſhould be taken of Lord Chatham's Words in the Houſe of Peers, reſpecting the Diſmiſſion of the late Lord Chancellor (Camden) that thoſe Two Noblemen have ſo concerted Matters as to produce Proofs of the Truth of his Aſſertion.

It is reported, that in a Converſation his Majeſty had lately with Lord Chatham, that Nobleman told him, that he ſhould think himſelf obliged at all Times to ſtand up in Defence of his M——'s juſt Rights; but

It is ſaid a certain Paper was, on Monday, cenſured by a very high Aſſembly.

The following is an Extract of a Letter from a Paſſenger on board the Sally Brig, who, with the Captain, Mate, and two Boys, are now confined at the Groyne, under Pretence that they had been taking a Plan of the Harbour and Fortification of Vigo in Spain.

Coruna, Dec. 18, 1769.

"This comes to acquaint you, that after a long and troubleſome Journey of eight Days (from Vigo) we got here, and are impriſoned in an Iſland ſeparate from the Town, and have not ſpoke to the Conſul General, nor the Vice Conſul, nor any other Perſon; neither are they ſuffered to come and ſee us. We came here very wet, and were put in Priſon in that Condition; we had nothing to lie on but a hard Floor for three or four Days, and now have a Handful of Straw, which is as dear as Feathers in England. Theſe are the Hardſhips which we now undergo, and what we ſhall ſuffer more God only knows! I know not. My Service to the Conſul at Vigo. When you write to me deſire the

THE Manufacturer of TOBACCO and SNUFF, at *Bladenſburg*, once more addreſſes the Public, but particularly the Gentlemen Merchants, Factors, *&c.* acquainting them, that he is deſirous to furniſh them with Snuff, in the Wholeſale Way, and to prevent Diſappointments, he requeſts them to ſend their Orders to him as ſoon as poſſible, for it is highly probable he may enter into ſuch Engagements, as will effectually hinder his ſupplying them with the Quantities they may want.

One of the Noblemen, ſummoned to Court, to be preſent on the Delivery of the City Remonſtrance, was aſking another Nobleman what they were ſent for there; to which he replied, "Why to be ſure, my Lord, to have a Sight of the horned Cattle." "Nay, my Lord (returned the other) if I may judge of ſome of our Fraternity whom I ſee amongſt us (looking earneſtly at a noble Duke) I ſhould rather imagine the Citizens came here for that Purpoſe."

It is reported, that in a Converſation his Majeſty had lately with Lord Chatham, that Nobleman told him, that he ſhould think himſelf obliged at all Times to ſtand up in Defence of his M——'s juſt Rights; but

It is ſaid a certain Paper was, on Monday, cenſured by a very high Aſſembly.

The following is an Extract of a Letter from a Paſſenger on board the Sally Brig, who, with the Captain, Mate, and two Boys, are now confined at the Groyne, under Pretence that they had been taking a Plan of the Harbour and Fortification of Vigo in Spain.

We came here very wet, and were put in Priſon in that Condition; we had nothing to lie on but a hard Floor for three or four Days, and now have a Handful of Straw, which is as dear as Feathers in England. It is ſaid that the Middleſex Remonſtrance is intended to be preſented on Friday next.

The Military Gentlemen at Chatham, are indefatigable in their Endeavours to prevent a Remonſtrance from the County of Kent.

[XXVth YEAR.] THE [No. 1289.]

MARYLAND GAZETTE.

THURSDAY, MAY 24, 1770.

GENOA, *March* 3.

BY Letters from Spain, we learn, that the Court of Madrid has ordered ſeveral Companies of different Regiments of Infantry to hold themſelves in readineſs for the Coaſt of Africa, as they have received Intelligence, that the Moors, notwithſtanding the bad Succeſs of their Enterprize againſt the Fortreſs of Oran, are again determined to attack the Spaniſh Garriſons in thoſe Parts.

LONDON, *March* 7.

We hear that a noble Lord ſtill continues to urge the Expediency of demanding a categorical Anſwer from the Courts of France and Spain, relative to the Object of their preſent warlike Preparations in Europe, Aſia, Africa, and America.

March 8. A patriotic Member obſerved on Monday, when a Motion was made to poſtpone the further hearing of American Affairs, that it was much to be apprehended they would put the Buſineſs off once too often.

We are ſorry to inform the Public, as we can from good Authority, that it is now found impoſſible for the Government of this Country to ſatisfy the Americans while any Regard is paid to the Honour and Majeſty of Great-Britain. It is at length clear that no Repeal of any former Laws, which they conſidered as Vexatious to them, will ſatisfy the Demands of the trans-atlantic Patriots; nothing leſs than a formal Diſavowal and Renunciation of the Mother Country's having any Right to Tax her Colonies at all, will it ſeems be accepted as a Step towards other Accommodations; and if the Britiſh Parliament ſubſiſt, we may reaſonably ſuſpect, that the Day is not very far off when America will aſſume a Right to tax England.

Immediately after the Vote of the Houſe of Commons paſſed, reſpecting the American Affairs, Six Ships ſailed home in Ballaſt, that in all Probability would have been loaden with our Manufactures, to the Amount of at leaſt 150,000l. in caſe the Determination had been anſwerable to the Wiſhes of the Coloniſts.

We hear that in Conſequence of ſome Advices received from Madrid, George Pitt, Eſq; will ſet out on his Embaſſy to the ſaid Court, much ſooner than was at firſt intended.

The Parliament we hear, will not be prorogued 'til June.

A Letter from Toulon mentions, that Monſ. Bompart had received Orders to put to Sea with ſeveral Men of War and Frigates; and it was given out that their Deſtination was for the Coaſt of Barbary.

It is poſitively aſſerted that the Land Forces of the Spaniards poſted at the Havannah amount to 12,000 Men, beſides a Fleet well manned, ſtationed there, ready to act on the ſhorteſt Notice.

March 9. We are informed by a Gentleman lately arrived from the Continent, that about Five Weeks ago there were 26 Ships of War at Cadiz, near 20 of which are Ships of the Line, ready to put to Sea at Two Hours Notice, and ſeveral of their Sails were actually bent; and that there were near the ſame Number in the Caraccas, that would be ready to go to Sea in a Week.

Lord Chatham in his Speech on Friday laſt, the 2d of March, Inſt. obſerved, "That he would tell the warmeſt Friends of America, that they had gone too great Lengths, and puſhed Matters much too far. How far they intended to proceed, he was at a loſs to determine, but thus much he would aſſert, and abide by, that if America was determined to ſet at Defiance all the Acts of Trade and Navigation of this Country, they would not be able to find in this Kingdom, a more determined Oppoſer."

Extract of a Letter, by the laſt Mail, from the Hague, to a Merchant of this City, dated February, 27.

"Things are carrying on here in ſuch a Manner, that it is not doubted but a War in Europe is near at Hand; for it remains no longer a Secret that the French and Spaniſh Ambaſſadors have both ſtrongly ſolicited the States General for their Aſſiſtance, in caſe either of their Principals ſhould be attacked; but this has abſolutely been refuſed; whereupon they were as ſtrongly preſſed to obſerve a ſtrict Neutrality, which I believe is moſt agreeable to the Dutch in general, as thereby they will enjoy the Benefit of Trade. On the other Hand, the King of Pruſſia ſeems (by the Demands he has made) to think, that if a War ſhould break out, it will be incumbent on us to take Part in it; on which Account we have augmented our Forces, both by Sea and Land, that we may be prepared for the Event."

March 19. We hear a Detachment from the Regiments of Artillery at Woolwich, will be embarked for Jamaica, as ſoon as the neceſſary Tranſports ſhall be got ready.

Orders are ſent to the Carron Water Manufactory, in Scotland, for a large Number of Ship Cannon, Field-Pieces, Mortars, &c. to be got ready as ſoon as poſſible.

By Letters from Warſaw we are told, that in the late bloody Action between the Ruſſians and Confederates near Dobra, in the Palatinate of Kaliſch, moſt of the Chiefs of the latter were ſlain, and amongſt them the Count Zawoyſki, who had ſerved in France under Marſhal Saxe, and was greatly regretted.

The Genoeſe pretend to have loſt Three Millions by the late Arrangements in the French Finances.

Letters from Holland by the laſt Mail bring an Account, that upwards of Twenty Sail of Dutch Ships, were loſt on the Coaſt of France, in the Storm of Wind which began the 18th Ult. and continued blowing for ſeveral Days after.

Authentic and Circumſtantial Detail of what paſſed in a certain POLITICAL CLUB *on Friday.*

Lord C——m.

THE Civil Liſt is appropriated in the Firſt Place to the Support of the Civil Government, and in the next, to the Honour and Dignity of the Crown; in every other Reſpect the Minute and particular Expences of the Civil Liſt are as open to Parliamentary Examination and Enquiry, in regard to the Application and Abuſe, as any other Grant of the People, to any other Purpoſe: And Miniſters are equally or more culpable for incurring any unprovided Expence, and for running in Arrear this Service, as for any other. The Preambles of all the Civil Liſt Acts prove this, and none but Children, Novices, or Ignorants, will ever act without proper Regard to it: And, therefore, I can never conſent to increaſe fraudulently the Civil Eſtabliſhment under Pretence of making up Deficiencies, nor will I ever bid ſo high for Royal Favour; and the Miniſter who is bold enough to ſpend the People's Money, before it is granted, (even though it were not for the Purpoſe of corrupting their Repreſentatives) and thereby leaving the People of England no other Alternative, but either to diſgrace the Sovereign by not paying his Debts, or to become the Prey of every unthrifty and corrupt Miniſter, ſuch Miniſter deſerves Death.

"The late good old King had ſomething of Humanity, and amongſt many other royal and manly Virtues, he poſſeſſed Juſtice, Truth, and Sincerity, in an eminent Degree; ſo that he had ſomething about him, by which it was poſſible for you to know whether he liked you, or diſliked you.

"I have been told that I have a Penſion, and that I have recommended others to Penſions. It is true; and here is a Liſt of them: You will find there the Names of Gen. Amherſt, Sir Edward Hawke, and others of the ſame Nature; they were given as Re-

One of the Noblemen ſummoned to Court, to be preſent on the Delivery of the City Remonſtrance, was aſking another Nobleman what they were ſent for there; to which he replied, "Why to be ſure, my Lord, to have a Sight of the horned Cattle." "Nay, my Lord, (returned the other) if I may judge of ſome of our Fraternity whom I ſee amongſt us (looking earneſtly at a noble Duke) I ſhould rather imagine the Citizens came here for that Purpoſe.

March 21. We are informed, that if any more Notice ſhould be taken of Lord Chatham's Words in the Houſe of Peers, reſpecting the Diſmiſſion of the late Lord Chancellor (Camden) that thoſe Two Noblemen have ſo concerted Matters as to produce Proofs of the Truth of his Aſſertion.

It is reported, that in a Conference his Majeſty had lately with Lord Chatham, that Nobleman told him, that he ſhould think himſelf obliged at all Times to ſtand up in Defence of his M——'s juſt Rights; but

It is ſaid a certain Paper was, on Monday, cenſured by a very high Aſſembly.

The following is an Extract of a Letter from a Paſſenger on board the Sally Brig, who, with the Captain, Mate, and two Boys, are now confined at the Groyne, under Pretence that they had been taking a Plan of the Harbour and Fortification of Vigo in Spain.

Coruna, Dec. 18, 1769.

"This comes to acquaint you, that after a long and troubleſome Journey of eight Days (from Vigo) we got here, and are impriſoned in an Iſland ſeparate from the Town, and have not ſpoke to the Conſul General, nor the Vice Conſul, nor any other Perſon; neither are they ſuffered to come and ſee us. We came here very wet, and were put in Priſon in that Condition; we had nothing to lie on but a hard Floor for three or four Days, and now have a Handful of Straw, which is as dear as Feathers in England. Theſe are the Hardſhips which we now undergo, and what we ſhall ſuffer more God only knows; I know not. My Service to the Conſul at Vigo. When you write to me deſire the

It is ſaid that the Middleſex Remonſtrance is intended to be preſented on Friday next.

wards for real Services, and as Encouragement to other gallant Heroes. They were honourably earned in a different Sort of Campaigns from thoſe at Weſtminſter; they were gained by Actions full of Danger to themſelves, of Glory and Benefit to this Nation; not by corrupt Votes of Baſeneſs and of Deſtruction to their Country. You will find no ſecret Service there; and you will find that when the Warrior was recompenſed, the Member of Parliament was left free. You will likewiſe find a Penſion of 1500l. a Year to Lord Camden. I recommended him to be Chancellor; his public and private Virtues were acknowledged by all, they made his Station more precarious; I could not reaſonably expect from him that he ſhould quit the Chief Juſticeſhip of the Common Pleas, which he held for Life, and put himſelf in the Power of thoſe who were not to be truſted, to be diſmiſſed from the Chancery, perhaps the Day after his Appointment. The Public has not been deceived by his Conduct. My Suſpicions have been juſtified; his Integrity has made him once more a poor and a private Man; *he was diſmiſſed for the Vote he gave in favour of the Right of Election in the Subject.*"

Here the North Britiſh Lord, who lately made a remarkable Declaration about the Revolution, and talked of foreign Force, called Lord C——m to order. The *Confrerie* of *Sixteen* and the *Magpies* clamoured—To the Bar!—To the Bar! L—— M——t moved, that Lord C——'s Words ſhould be taken down.

Lord C——m.] "I neither deny, retract, or explain theſe Words. I do re-affirm the Fact, and I deſire to meet the Senſe of the Houſe; I appeal to the Honour of every L—d in this ——, whether he has not the ſame Conviction."

Lord R——m, Lord T——e, and many other Lords, did on their Honour moſt ſolemnly affirm the ſame.

Lord S——h and Lord W——th would have withdrawn the Motion; but Lord M——, encouraged by Lord M——d, perſiſted, and moved in Erſe, that nothing had appeared to juſtify ſuch an Aſſertion.

Lord C——m.] "My Words remain unretracted, unexplained, and re-affirmed. I deſire to know whether I am condemned or acquitted; and whether I may ſtill preſume to hold up my Head as high as the Noble Lord who moved to have my Words taken down."

To this no Anſwer was given.

Lord C——m.] "If I am to go off acquitted I do now declare to you, that there are many Men to impeach, and many Meaſures to arraign, for the Security of this Nation, and the very Exiſtence of our Laws and Conſtitution: and, by God's bleſſing, I will arraign and impeach them."

In this ſame ſelect Company, on the ſame Day, a certain L—— was hard driven on a former Declaration he had made, viz. "That he never had diſcloſed, and never would diſcloſe, his Opinion on the Middleſex Election; but that it ſhould be buried with him in his Grave." He was forced at laſt to add, "except in private intimate Confidence." *March* 23.

March 31. A great Politician has publicly declared it as his Opinion, that if domeſtic Matters are ſuffered for a ſhort Time to ſubſide, popular Clamour will gradually decreaſe; and has therefore ſtrongly recommended American Affairs to be taken into immediate Conſideration.

April 2. Yeſterday his Excellency the French Ambaſſador gave a ſplendid Entertainment to a great Number of the Nobility and ſeveral of the foreign Miniſters, at his Houſe in Great George Street.

Friday ſome very important Diſpatches arrived at the Earl of Weymouth's Office, from his Excellency William Henry Littleton, Eſq; his Britannic Majeſty's Ambaſſador at Liſbon, and Saturday Morning Don Mello de Carvelle, the Portugueſe Ambaſſor, had a Conference with Lord Weymouth, on the Subject of Diſpatches received from his Court.

The Numbers in a certain Place on Friday Night were 187 to 125.

It is whiſpered that a freſh Proſecution will be commenced againſt a popular Patriot in the Month of May, on an old Subject.

Commodore Forreſt, who commands on the Jamaica Station, has lately ſent home, requeſting ſome more Ships to be ſent out, as the Spaniards have been making great Preparations in thoſe Parts for ſome Time paſt.

It is reported that a Treaty is on Foot with the Emperor of Morocco for ceding to France a very commodious Port on the African Coaſt contiguous to Guinea.

It is ſaid that all the Regiments in England, both Horſe and Foot, will be reviewed by his Majeſty in the Courſe of the enſuing Summer.

The laſt Diſpatches from Mr. Murray, the Britiſh Ambaſſador at Conſtantinople, confirm the Accounts already puliſhed of the great warlike Preparations of the Turks; and add, that the Grand Signior will cut a more reſpectable Figure at Sea this Summer, than at any Time ſince the Eſtabliſhment of the Ottoman Navy.

They write from the Hague, that an illuſtrious German Prince is going into the Service of France.

It is now ſaid that there is not the leaſt Ground for the Report of an intended Coalition, Matters having been carried too far on both Sides to admit of a Compromiſe.

April 4. It is reported a great Perſonage has deſired a Conference with Lord Camden, on an Affair of Importance; and a Report is circulated, that this upright Lawyer will be reinſtated in the Poſſeſſion of the Seals.

A certain great Perſonage was very rudely treated by the Populace on Friday Night, in going from the Theatre.

Notwithſtanding the utmoſt Diligence has been uſed in the Courſe of the preſent Seſſions for the Diſpatch of public Buſineſs, we are aſſured, that the ſame cannot be finiſhed before the latter End of next Month.

It is ſaid that Overtures have been made to the Minority, which, it is ſaid, is likely to bring about a Reconciliation.

An Ambaſſador Extraordinary is ſoon expected in London from Conſtantinople, charged with a Commiſſion of great Importance, from his Sublime Highneſs the Grand Signior to the King of Great-Britain.

A Letter from Galipoli mentions, that Twenty Sail of Turkiſh Men of War are now riding near the Mouth of the Helleſpont, to diſpute the Paſſage of the Ruſſian Fleet.

April 5. In examining the State of the Nation on Tueſday Night, we are informed, the Sum of One Hundred Seventy-Two Thouſand Six Hundred and Five Pounds appear to have been iſſued from the Civil Liſt Revenues towards maintaining the Houſhold.

We are credibly informed that, for the Future, none but Perſons of high Rank and Character will be appointed Governors of his Majeſty's Plantations in America.

It was Yeſterday confidently reported, that the Grand Signior had tranſmitted to our Court, by Means of John Murray, Eſq; his Majeſty's Ambaſſador at Conſtantinople, ſome Diſpatches of a very extraordinary Nature, which are now under Conſideration of the Miniſtry.

By Perſons that are well acquainted with the Port of Conſtantinople, it is affirmed, that that City lies ſo expoſed (beſides being built of Wood) that a Squadron of Engliſh Men of War, with a few Bomb-Ketches, would reduce the ſame to Aſhes in a few Hours.

It is ſaid, the remainder of the Ruſſian Fleet now at Portſmouth will leave that Harbour in a Fortnight's Time, and purſue their Voyage for the Archipelago.

We are credibly informed that Five Men of War are now fitting out as a Re-inforcement for the Fleet on the Jamaica Station.

A Correſpondent aſſures us, "That the noble Perſon who is ſuppoſed to influence our Councils, is now ſeeking Health, long loſt, upon the Mountains of Waldagnia, ſuffering what Brutes might pity! So far is this noble Perſon from concerning himſelf in our Affairs of Government, that he is the moſt induſtriouſly ignorant of them. Thoſe who correſpond with him, all received it in charge at his going, never to name the Subject in their Letters. Nor let this Account be received (ſays this Correſpondent) as an idle and ignorant Tale: He who writes this has the Honour of that Correſpondence; has received that Charge as the Condition of it, and has never violated the Injunction."

ANNAPOLIS, MAY 24.

St. Mary's County, 8th *May* 1770.

A NUMEROUS and general Committee, appointed by the Inhabitants of this County, to enquire into the Importation of all Goods into the ſame, met at *Leonard-Town* this Day, to take into their Conſideration, the Propriety of the Importation of ſundry Cargoes of Goods imported from *London*, in the *Jenney*, Capt. *O'May*, and conſigned to Meſſrs. *James Jordan*, *Archibald Campbell*, and *John Maſſon*, of this County, Merchants; as alſo a Cargo imported from *Glaſgow*, in the *Briſcoe*, Capt. *M'Kirdy*, and conſigned to Mr. *John Briſcoe*, of the ſame County, Merchant.

ANNAPOLIS: PRINTED BY ANNE CATHARINE AND WILLIAM GREEN.

The Committee proceeded to take into their Consideration, the Cargo consigned to *Archibald Campbell*, amounting to £.705 : 12 : 10 Sterling; and after a diligent Inspection of the Invoice and Shop Notes, were of Opinion, that the following Goods, *viz.* 8 Pieces Calico, 1 Filtering Stone, 208lb. White Lead, 108lb. *Spanish* brown, 3qrs. 24lb. yellow Oaker, and 64lb. green Paint, were imported contrary to the Association of this Province, entered into the 22d *June* last.

The Committee were also of Opinion, that the following Goods, viz. 8 Pieces Calico, 1C. 2qrs. 6lb. White Lead, and 36lb. green Paint, in the Cargo consigned to *James Jordan*, amounting to £. 544 : 17 : 4 Sterling, were imported contrary to the said Association.

The Committee after a diligent Perusal of the Invoice of the Cargo consigned to *John Masson*, amounting to £.297 : 8 : 8 Sterling, were of Opinion, that the following Goods, namely, 2 Doz. and 8 2 Gallon Jars and Butterpots, 1 Doz. and 4 1 Gallon ditto, 3 Doz. 3 Quart ditto, 1 Doz. 2 Quart ditto, and 4 Pair Scales and Weights, were also against the said Association.

The Committee had the Satisfaction to observe, from the Perusal of the Invoice of the Cargo consigned to *John Briscoe*, that there was not one Article in the same contrary to the Association. They however were sorry to observe, that the said *John Briscoe* had imported by Capt. *M'Kirdy* 4 Pair of Shoes, contrary to the said Association. The Committee also took into their Consideration, sundry Invoices of Cargoes, by the *Elligood*, Capt. *Howe*, from *Glasgow*, and consigned by *James Gordon* and Co. and *Alexander Cunningham* and Co. Merchants in *Glasgow*, to the said *James Jordan*, *Archibald Campbell*, and *John Masson*; and the Committee, after a careful Perusal of the same, were of Opinion, that there were not in the said Cargoes, any Goods contrary to the said Association, but the following Articles in the Cargo consigned to the said *John Masson*, *viz.* 3 Pieces Tammy, 4 Doz. Lawn Handkerchiefs, 1 Ream Callender Paper, 3 Doz. Shammy Breeches and 1 Piece Durant.

It gave the Committee some Pleasure to observe, from Copies of Letters read to them, that the said *James Jordan*, and *Archibald Campbell*, (tho' not Associators) had written last *October* to *James Gordon* and Co. Merchants in *Glasgow*, their Constituents, warmly advising them against sending into this Province, any Goods contrary to the Association of the People here. The Committee had also the Satisfaction to observe, by Letters from the said *James Gordon* and Co. in answer to the said Advice, that they had come to the Resolution of sending into this Province, no Goods against the Association thereof, until the Act of Parliament laying a Duty upon Tea, Glass, &c. should be repealed; and also by Letters from Messrs. *Alexander Cunningham* and Co. to the said *John Masson*, it appeared to this Committee, that they had also come to the same Resolution. Upon the whole it appeared to the Satisfaction of the Committee, that the said *James Gordon* and Co. and *Alexander Cunningham* and Co. had no Intention of counteracting the said Association; and the Committee was humbly of Opinion, that the said Paints and other Articles consigned to *James Jordan* and *Archibald Campbell* and the sundry Articles consigned to *John Masson*, were shipped rather through Inadvertency than Design.

The Committee therefore resolved, that the said Articles, so imported contrary to the said Associations, should be landed with the Cargoes aforesaid, upon this express Proviso, that the several Gentlemen to whom the several Articles aforesaid are consigned, should reship the same by the first convenient Opportunity, under the Inspection of a Special Committee appointed for that Purpose.——To which the said *James Jordan*, *Archibald Campbell*, *John Masson*, and *John Briscoe*, assented.

ANNAPOLIS, MAY 24, 1770.

TO BE SOLD,

A LIKELY young Negro Man, about Twenty-three Years of Age, has worked at the Blacksmiths Buſineſs about 9 or 10 Years, is a good Tradeſman, very active, ſupple, and an orderly well behaved Fellow, ſold for no Fault, only that his Maſter declines the Buſineſs. Enquire of the Printer.

THE Manufacturer of TOBACCO and SNUFF, at *Bladenſburg*, once more addreſſes the Public, but particularly the Gentlemen Merchants, Factors, &c. acquainting them, that he is deſirous to furniſh them with Snuff, in the Wholeſale Way, and to prevent Diſappointments, he requeſts them to ſend their Orders to him as ſoon as poſſible, for it is highly probable he may enter nto ſuch Engagements, as will effectually hinder his ſupplying them with the Quantities they may want.

It may not be improper to acquaint thoſe Ladies and Gentlemen who live remote from the Manufactory and are deſirous of becoming Cuſtomers, that he makes plain Scotch, Rappee, Spaniſh, and high Toaſt Snuff, and many Sorts of thoſe different Kinds.

In theſe Times of Oppreſſion, when Patriotiſm is the Theme of every Lover of his Country, it is hoped that the Want of Bottles will be no Obſtacle to the Sale of his Snuff, which he purpoſes to pack up in Country made Pots, when his preſent Stock of Bottles is exhauſted.

He has the Pleaſure to acknowledge himſelf much obliged for the Favours received from his good old Cuſtomers, and is anxious to merit a Continuance of their Correſpondence with,

Their very humble Servant,

RICHARD THOMPSON.

THURSDAY, MAY 31, 1770.

LONDON, *March* 22.

CAMPS for the Army are forming round the Town. There is to be one upon Blackheath, and another upon Hounslow-Heath. These are fixed upon, and the others are in Agitation.

It is said that *John Ketch*, Esq; (in Imitation of a late spirited Resolution of his Superiors) has declared his Determination to resign his Office, rather than commit to the Flames a certain much talked of Paper.

We hear that a certain Lord has given it as his Opinion, that should the Sheriffs refuse to attend the burning the Remonstrance of the City of London, by the Hand of the common Hangman, they ought to be immediately sent to the T——r.

Some People report, that a Proposal will be made in a certain Place, that Three great City Officers should ask Pardon of a great Personage for their Conduct respecting a certain Remonstrance.

Extract of a Letter from Warsaw, dated Feb. 24, 1770.

"As soon as General Stoffeln had beaten, on the 29th ult. the Body of Turks commanded by Auli Pacha, he caused the Fortress of Ibrailow directly to be invested, and made the necessary Dispositions for besieging it in Form. The Turks made all possible Resistance on their Part, 'til the 3d of the present Month, when they endeavoured to make their Escape, and quit the Place without Noise. For this Purpose all the Garrison embarked the following Night in Three Vessels, with the View of crossing the Danube by Favour of the Dark, and under a terrible Fire from all the Artillery; but in spite of these Measures the Turks were not able to conceal their Design from the Russian General, who ordered some Cannon to be pointed towards the Shore, which had all the desired Success. For the Vessels in which the Turks had embarked were sunk to the Bottom, and the greatest Part of those on board drowned. The Remainder of the Garrison continued still to defend themselves 'til the next Day (the 4th) when the Russians gave the Assault at Midnight, carried the Breach, and put all they met to the Sword. They found in the Place more than a Hundred Pieces of Cannon, a considerable Sum of Money, and a very large Quantity of warlike Stores and Provisions. The Turks, when they saw the Fortress lost, set Fire to the great Magazine, with the Intention of blowing up both themselves and the Russians; but the latter being timely informed of it, ran up, and happily succeeded in extinguishing the Flames before it had reached the Powder Rooms. Among the Prisoners is Auli Pacha himself."

A Gentleman observed that the Ministry would not be able to put their Design of burning the Remonstrance in Execution, unless they made use of *Vestal Fire*; but it is well known that there is not chastity enough in a whole Levee to kindle such a Fire.

They write from Vienna, that Camp Equipage for Ninety Thousand Imperial Troops is getting ready with all Expedition, and it was given out, that Two numerous Armies would take the Field by the First of May next.

March 24. A Correspondent says, that the Doings and Undoings of a certain Assembly with Regard to the A————n Affairs, will (it is generally apprehended) terminate in the total Ruin of the Trade between the Colonists and their Mother Country.

It is whispered, that though the City Remonstrance has proved so greatly inadequate to the End for which it was calculated, the present M————y will not long be able to retain their Power.

By a private Letter from Portsmouth, we are informed, that there is a very great Dissention still amongst the Russian Officers, insomuch that 'tis thought, if conciliating Measures are not adopted by the spirited Commander in Chief, it will greatly retard the Expedition to the Mediterranean, several Expresses having been sent to London on that Account to the Ambassador, who is indefatigable in removing every Obstacle that tends to disunite the Gentlemen on board that Fleet.

A Correspondent informs us, that a Remonstrance from the City of York will be delivered to his M——y in the Course of next Week.

It was this Morning current, that a Protest of the Minority in both Houses, against certain late Proceedings, will soon take Place.

"*Die Jovis, 22 Martii*, 1770.

"*Most Gracious Sovereign*,

"WE your Majesty's most dutiful and faithful Subjects, the Lords Spiritual and Temporal, and Commons of Great-Britain, in Parliament assembled, having taken into Consideration the Address lately presented to your Majesty, under the Title of "The humble Address, Remonstrance, and Petition, of the Lord Mayor, Aldermen, and Livery, of the City of London, in Common-Hall assembled," together with the Answer which your Majesty was pleased to make to the same, think ourselves indispensibly obliged, upon this Occasion, to express to your Majesty the extreme Concern and Indignation which we feel at finding that an Application has been made to your Majesty, in Terms so little corresponding with that grateful and affectionate Respect which your Majesty is so justly entitled to from all your Subjects; at the same Time aspersing and calumniating one of the Branches of the Legislature, and expressly denying the Legality of the present Parliament, and the Validity of its Proceedings.

To present Petitions to the Throne, has at all Times been the undoubted Right of the Subjects of this Realm. The free Enjoyment of that Right was one of the many Blessings restored by the Revolution, and continued to us, in its fullest Extent, under the Princes of your Majesty's illustrious House: And as we are duly sensible of its Value and Importance, it is with the deepest Concern that we now see the Exercise of it so grossly perverted, by being applied to the Purpose, not of preserving, but of overturning the Constitution, and of propagating Doctrines, which, if generally adopted, must be fatal to the Peace of the Kingdom, and which tend to the Subversion of all lawful Authority.

Your Majesty, we acknowlesge with Gratitude, has ever shewn the most tender Regard to the Rights of your People, not only in the Exercise of your own Power, but in your Care to preserve, from every Degree of Intringement or Violation, the Powers intrusted to others. And we beg Leave to return your Majesty our unfeigned Thanks for the fresh Proof you have now given us of your Determination to persevere in your Adherence to the Principles of the Constitution.

Permit us also to assure your Majesty, that it is with the highest Satisfaction we see your Majesty expressing so just a Confidence in your People: In whatever unjustifiable Excesses some few misguided Persons may, in this Instance, have been seduced to join, your Majesty's Subjects in general are too sensible of what they owe both to your Majesty and your illustrious Family, ever to be capable of approaching your Majesty with any other Sentiments than those of the most entire Respect and Affection; and they understand too well their own true Interests, to wish to loosen the Bands of Obedience to the Laws, and of due Subordination to lawful Authority. We are therefore fully persuaded, that your Majesty's People, as well as your Parliament, will reject, with Disdain, every insidious Suggestion of those ill-designing Men, who are in Reality undermining the public Liberty, under the specious Pretence of Zeal for its Preservation; and that your

The following is an Extract of a Letter from a Passenger on board the Sally Brig, who, with the Captain, Mate, and two Boys, are now confined at the Groyne, under Pretence that they had been taking a Plan of the Harbour and Fortification of Vigo in Spain.

Corunna, Dec. 18, 1769.

"This comes to acquaint you, that after a long and troublesome Journey of eight Days (from Vigo) we got here, and are imprisoned in an Island separate from the Town, and have not spoke to the Consul General, nor the Vice Consul, nor any other Person; neither are they suffered to come and see us. We came here very wet, and were put in Prison in that Condition; we had nothing to lie on but a hard Floor for three or four Days, and now have a Handful of Straw, which is as dear as Feathers in England. These are the Hardships which we now undergo, and what we shall suffer more God only knows: I know not. My Service to the Consul at Vigo. When you write to me desire the

[illegible] present on the Delivery of the City Remonstrance, was asking another Nobleman what they were sent for there; to which he replied, "Why to be sure, my Lord, to have a Sight of the horned Cattle." "Nay, my Lord, (returned the other) if I may judge of some of our Fraternity whom I see amongst us (looking earnestly at a noble Duke) I should rather imagine the Citizens came here for that Purpose.

March 21. We are informed, that if any more Notice should be taken of Lord Chatham's Words in the House of Peers, respecting the Dismission of the late Lord Chancellor (Camden) that those Two Noblemen have so concerted Matters as to produce Proofs of the Truth of his Assertion.

It is reported, that in a Conference his Majesty had lately with Lord Chatham, that Nobleman told him, that he should think himself obliged at all Times to stand up in Defence of his M——'s just Rights; but

be in Demand at present; as in those Days neither my L—d G——r, nor my L—d S——, nor my L—d W——, nor even R——d R——y, would have had much Chance for Employment.

Advices from Paris, dated March 25, import, "That some Persons belonging to Rochelle and St. Malo, have requested of the King Two Ships, in order to trade to India; and his Majesty, willing to encourage Commerce and Navigation, had granted them Two Vessels, the Brilson and Penthievre, which were among the Number of those that the India Company had ceded to him.

It is said that the Middlesex Remonstrance is intended to be presented on Friday next.

The Military Gentlemen at Chatham, are indefatigable in their Endeavours to prevent a Remonstrance from the County of Kent.

Yesterday a grand Entertainment was given by the Lord Mayor, at the Mansion-House, at which were present, a great Number of the Nobility and Gentry of

Majesty's Attention to maintain the Liberties of your Subjects inviolate, which you esteem your chief Glory, will, upon every Occasion, prove the sure Means of Strength to your Majesty, and secure to you that zealous and effectual Support, which none but a free People can bestow."

His MAJESTY'S *most gracious* ANSWER.

"*My Lords and Gentlemen,*

"I RETURN you my Thanks for this very loyal and dutiful Address. It is with great Satisfaction that I receive from my Parliament so grateful an Acknowledgement of my tender Regard for the Rights of my Subjects. Be assured, that I shall continue to adhere to the true Principles of our excellent Constitution; from which I cannot deviate, without justly forfeiting the Affections of a free People."

March 28. The Tweed Frigate, now lying at Chatham, is ordered to be got ready for the Earl of Dunmore, in order to carry his Lordship to his Government of New-York, for which he intends to embark in a few Days.

April 3. It is now said to be certain, that a Request for Diss——n will not take Place; but that to accomodate Matters, a Reconsideration of particular Resolves is determined to be complied with.

It is said that Overtures have been made to the Minority, which, it is said, is likely to bring about a Reconciliation.

It is confidently reported, that the Hereditary Prince of Brunswick, who so greatly distinguished himself in the Course of last War, has accepted of a Commission in the French King's Service.

We hear the Marquis of Rockingham is to have a Conference with a great Personage in a few Days, on the Subject of some very important Matters, which, it is thought, will greatly contribute to reconcile the present party Dissentions.

It is now certain that a noble Person, for his late Conduct on his present political Principles, will be soon deprived of that Addition to his Titles which gives him the Military Government of a certain County.

It is also said, that the only Thing which has retarded the Execution of the above Measure, is a Dispute concerning his Successor; though we believe the M——r's Eye is more particularly pointed at a certain Object.

We hear from undoubted Authority, the Reason why so many Encampments are now forming round this Metropolis, is only intended as a preventative Measure, to preserve the Peace, if disturbed by an unruly Mob, on the Enlargement of a Popular Prisoner.

Saturday the Hon. Capt. Leveson Gower, Brother to Earl Gower, set out from Pall-Mall, for Portsmouth, in order to take on him the Command of one of the Men of War belonging to the Fleet which is shortly to sail from thence to the Mediterranean, to watch the Motions of the French and Spanish Fleets, and to see whether they will offer to obstruct the Passage of the Russian Fleet. In case of an Attempt of this Kind, it is thought the latter will be joined by the English Fleet, though the Consequence should be involving Great-Britain in a War.

They write from Leghorn, that Advice had just been received of a smart Engagement between Three Russian Men of War and Seven Tripolitan Corsairs, in which Four of the latter were sunk, one burnt, and one run on Shore.

April 6. On Saturday last the following Lines, wrote in large Characters, were seen stuck up against the Walls of St. James's Palace, viz. A PROPHECY.

"A cold Winter;—a mild Spring;
"A bloody Summer;—a DEAD——."

The above being taken Notice of, it is said One Thousand Pounds Reward will be offered to find out the Author.

A Camp has been marked out (by some of the Artillery Officers from Woolwich) on Blackheath, for the following Regiments, who are to compose it as soon as the Weather will permit.—Cavalry, Sir John Mourdant's Dragoons, and General Elliot's light Dragoons. Foot Guards, First ditto of the Third Regiment of Artillery. Total, Four Squadrons, Six Battalions, Twelve Field Pieces, and Two Field Pieces to attend each Battalion.

Reports are now industriously circulating, that the American Affairs will, at last, be brought to a happy Period; but many Gentlemen, skilled in the Temper of the Colonies, greatly doubt it, for there was a Time, (say they) when the Minds of the Americans were susceptible of whatever Impressions the Mother Country wished to communicate; there was a Time, when their Affections were unalienated; and there was a Time, when we were no less felt than acknowledged of the most eminent Importance to their Convenience and Welfare. But they had not then Manufactories established amongst them, they had not then discovered that Money was the Key to every Port, and the pass pour in all Climates.

That a War is both seriously talked of at Court, and expected will soon happen, is a Piece of Intelligence that may be depended on.

It is said a Gentleman has received some extraordinary Intelligence lately of some secret Preparations, and Intentions, respecting our old Friends, who never can be idle, and are now united, and formed into a Combination, not only to oppose our Trade, but are going on, in a most secret Manner, to destroy it. The Gentleman, we are told, has, in a most dutiful Manner addressed a great Personage that he may be heard before the Secretary of State, in humble Hopes notice may be taken of it; but if left to chance, a Number of ill Consequences to this Nation will attend it, notwithstanding all Fr—ch Evasions to the Contrary.

D U B L I N, *March* 18.

The Eight following Noblemen and Gentlemen have been struck of the List of Privy Counsellors here: The Earls of Shannon, Lanesborough, and Louth; the Speaker of the House of Commons, Sir William Fownes, Bart. Sir William Mayne, Bart. Hercules Langford Rowley, Esq; and William Brownloy, Esq; William Brabaxon Ponsonby, Esq; Son of the Speaker, is dismissed from his Place of Examinator of the Customs. Lord Annaly, Lord Chief Justice of the King's Bench, has agreed to resign upon a Pension; and John Hely Hutchinson, Esq; (who is Alnager) is to succeed him, and to have a Peerage. Lord Dunkellyn is appointed Governor of the County of Galway.

B O S T O N, *May* 14.

Letters from New-York and Philadelphia intimating, that it has been reported in those Capitals, the Merchants of this Town determined to break through their Agreement and import Fall Goods, notwithstanding the continuance of the Tea Duty; we can assure the Public that nothing can be further from Truth, nor has the Spirit of the Trade at any Time appeared more determined. The Bulk of the Goods which came contrary to Agreement, though shipped by Persons who had not signed, are now put on board the Lydia, Capt. Scott, and do not fill the Hold by a Fourth Part. No one besides the old Importers has yet had the Stupidity to act so much in Opposition, to the Sense of their Country as to persist in Violation, of its unanimous Resolution, we believe that our Trade with Great-Britain will not be open 'til the whole of the late Revenue-Acts are repealed.

N E W - Y O R K, *May* 21.

The following is the Postscript of a Letter from a Gentleman in London, to his Friend in this City, dated 26th of March.

"I had forgot, when I concluded this Letter, to tell you that large Quantities of Goods have been lately shipped, and are now daily shipping for Virginia, Maryland, Rhode-Island, Boston, and Montreal, which will doubtless circulate all through the Colonies; the greatest Part of what are shipped, and shipping, are by Strangers unaccustomed to the Trade, so that unless the old Traders should order Goods, the Trade will of Course circulate through a new Channel.

P H I L A D E L P H I A, *May* 17.

Extract of a Letter from London, brought by Capt. Carr.

"The Conversation now is, that it is under the Contemplation of the Treasury to come into an Accomodation with the East-India Company, as to the Duty on Tea, in the following Manner.

"It is proposed to repeal the Statute, which allows a *Drawback* of Sevenpence Halfpenny per Pound on Tea shipped to North-America; and to repeal the Act, which imposes a Duty of Threepence in the Pound, *payable in America*; by which, the Revenue will be benefited Fourpence Halfpenny in the Pound, and a commercial Expedient be adopted for the total Repeal of the American Revenue-Act."

1st, Whether the Cargo imported by Mr. *Ward*, is agreeable to the Association or not? Resolved unanimously in the Negative.

2d, Whether such Goods that are allowed to be imported under the Association, and are not mixed and blended with those contrary to it, shall be landed or not? Resolved in the Affirmative.

With this Determination Mr. *Ward* willingly acquiesced, and as he found it would not answer the Purpose to land only the Goods allowed by the Association, and packed separately, chose to carry the whole out of the Province. The Ship *Cambridge* accordingly sail'd from *Baltimore* the 26th, as it is supposed for *Virginia*.

SUPPLEMENT TO THE MARYLAND GAZETTE.

ANNAPOLIS, May 31, 1770.

TO BE SOLD,

A LIKELY young Negro Man, about Twenty-three Years of Age, has worked at the Black-smiths about 9 or 10 Years, is a good Hedgeman, very active, supple, and an orderly well behaved Fellow, sold for no Fault, only that his Master declines the business. Enquire of the Printer.

THE Manufacturer of TOBACCO and SNUFF, at *Bladensburg*, once more addresses the Public, but particularly the Gentlemen Merchants, Factors, &c. acquainting them, that he is desirous to furnish them with Snuff, in the Wholesale Way; and to prevent Disappointments, he requests them to send their Orders to him as soon as possible, for it is highly probable he may enter into such Engagements, as will effectually hinder his supplying them with the Quantities they may want.

It may not be improper to acquaint those Ladies and Gentlemen who live remote from the Manufactory and are desirous of becoming Customers, that he makes plain Scotch, Rappee, Spanish, and high toasted Snuff, and many Sorts of those different Kinds. In these Times of Oppression, when Patriotism is the Theme of every Lover of his Country, it is hoped that the Want of Bottles will be no Obstacle to the Sale of his Snuff, which he purposes to pack up in Country made Pots, when his present Stock of Bottles is exhausted.

He has the Pleasure to acknowledge himself much obliged for the Favours received from his good old Customers, and is anxious to merit a Continuance of their Correspondence with

Their very humble Servant,
RICHARD THOMPSON.

THE Manufacturer of TOBACCO and SNUFF, at *Bladenſburg*, once more addreſſes the Public, but particularly the Gentlemen Merchants, Factors, &c. acquainting them, that he is deſirous to furniſh them with Snuff, in the Wholeſale Way, and to prevent Diſappointments, he requeſts them to ſend their Orders to him as ſoon as poſſible, for it is highly probable he may enter into ſuch Engagements, as will effectually hinder his ſupplying them with the Quantities they may want.
